**RESOLUTION ESTABLISHING THE
CITY OF STAUNTON'S
2019 LEGISLATIVE PROGRAM**

The Mayor and City Council of the City of Staunton, Virginia, governing from a position closest to the City's citizens and desiring to make City government more responsive to Staunton citizens, believe it is important to advise the City's representatives in the Virginia General Assembly of the City's legislative positions.

THEREFORE, BE IT RESOLVED by the Council of the City of Staunton that the legislative principles adopted by the Virginia Municipal League (VML) are hereby endorsed:

The Governor and General Assembly should not:

- Restrict further local revenue authority or sources.
- Impose new funding requirements or expand existing ones on services delivered by local governments.
- Shift state funding responsibilities onto local governments.
- Impose state fees, taxes or surcharges on local government services.
- Place additional unfunded mandates and other administrative burdens on local governments.

BE IT FURTHER RESOLVED that City Council respectfully requests that the General Assembly **support** legislation regarding the following issues:

A. Education

1. The General Assembly should fully fund public education—funding all mandated programs and services of education on the basis of realistic costs; increasing Standards of Quality funding, coming from general fund revenues, appropriated to elementary and secondary education; providing for flexibility in the use of those funds to meet unique local needs; and supporting specialized training, professional development and extended contracts for staff in challenged schools.
2. The General Assembly should fully fund the Virginia Preschool Initiative.
3. The General Assembly should continue to support the revisions of the system of accountability to encompass balanced assessments and expand the implementation of problem-based assessments for greater validity and more cost-effective sampling techniques, and continue the implementation of expedited test retakes to more accurately reflect student achievement, sense of inquiry, and love of learning.

4. The General Assembly should enact legislation to double the sales and use tax revenue distribution statewide to provide funding for capital for new or renovated school building projects, using the same formula for sales and use tax distribution as is used currently for distribution for Standards of Quality funding.
5. The General Assembly should provide new avenues for funding public school construction and renovation costs, including the creation of a pilot program of competitive grants using funds from the Virginia Public Building Authority to offset new construction costs for publicly owned and operated K-12 schools.

B. Pediatric Cancer Research

City Council is appalled by the lack of cancer research coordination, the glacially slow FDA new treatment approval process, and the totally inadequate level of federal funding for pediatric cancer research. Less than 4% of all cancer research spending is for pediatric cancer and only two treatments are currently approved by the FDA. Council requests that the Virginia General Assembly petition the federal government to make pediatric cancer a real priority in order to save the lives of countless children who cannot speak for themselves or vote.

C. Certificates of Public Need

Council supports Virginia's Certificate of Public Need (COPN) program as an important component of the Commonwealth's health care system and encourages the General Assembly to retain COPN in its current form.

D. Chesapeake Bay Water Quality

City Council requests that the Commonwealth increase Stormwater Legal Assistance Fund (SLAF) funding to at least \$50 million and Agricultural BMP Cost-Share Program funding to at least \$100 million.

E. Transportation

1. City Council supports improvements to railroad infrastructure to increase freight shipment capacity and reduce truck traffic and impacts on Interstate 81.
2. City Council supports a Primary Seatbelt Law.
3. City Council supports a ban on handheld cell phone use by operators of moving motor vehicles.

4. City Council supports the use of non-motorized transportation, including trails, pathways and green corridors, for health, energy conservation and cost reasons for all Virginians.
5. City Council supports increased federal and state funding for public transit; policies that allow for the equitable distribution of such funding; and dedicated sources for such funding.

F. Libraries

City Council supports efforts to maintain and increase State Aid to Public Libraries as mandated by the Code of Virginia to strengthen funding for public library materials and programs that target childhood literacy and STEM instruction.

G. Virginia State Parks

City Council encourages the Governor and General Assembly to support additional land acquisition for state parks, outdoor recreation and natural areas.

H. Broadband Expansion

City Council supports the expansion of broadband to all areas of the Commonwealth.

I. Solar Tax Incentives

City Council supports state tax incentives for private homeowners, businesses and the solar energy industry to incentivize an increase in the use of clean solar energy systems, to reduce dependence on extractive fossil fuels and emissions and increase energy independence.

J. Predatory Lending

City Council continues its eight-year long fight against predatory lending. Council supports:

- A return to the usury law (36% interest rate cap inclusive of all fees) that Virginia had prior to 2002.
- Vigorous enforcement by the Attorney General of the ban on illegal internet loans.
- If the Senate and the House refuse to act, swift approval by the General Assembly of a statewide referendum on an interest rate cap.

K. Equal Rights Amendment

City Council supports passage of the Equal Rights Amendment (ERA) and urges the General Assembly to take the necessary steps to put this matter before the citizens of the Commonwealth of Virginia.

L. Opioids

City Council supports any efforts to curb opioid use and abuse, including state programs that partner with local governments to deal with the effects of this growing epidemic.

M. Fair Elections

Like many of our citizens, members of City Council regard with concern the reports received from other states and regions of apparent attempts on the part of government officials to suppress voter turnout. Reductions in voting locations, malfunctioning voting machines, preemptory removal of citizens' names from voting rolls, and other such strategies for unfairly influencing the outcome of an election reflect an abandonment of the democratic principles upon which our nation and commonwealth were founded.

Council urges our representatives in the General Assembly to make every effort to ensure that Virginia elections are fair, secure, accurate, accessible, and transparent. Further, Council urges the General Assembly to explore and implement additional strategies for encouraging voter turn-out, including:

- automatic registration
- expanded voting hours
- establishment of election day as a state holiday

N. Public Notice, Public Hearing and Public Procurement

The General Assembly should support legislation to reduce required, expensive newspaper advertising for public notices, public hearings and public procurement including legislation to give localities the option to use electronic or other forms of notification as an alternative to newspaper advertising.

O. Behavioral Health and Development Disability

- The General Assembly should provide full funding for the System Transformation Excellence and Performance (STEP-VA) initiative of the Virginia Department of Behavioral Health & Developmental Services during the 2018-2020 biennial budget.

- The General Assembly should increase the Medicaid Early Intervention case management reimbursement rate to its data-determined adequacy.
- The General Assembly should fund 800 additional Family and Individual Supports (FIS) Waivers and 250 Community Living (CL) Waivers.

P. State Aid to Localities for Law Enforcement - HB599

The City of Staunton requests the General Assembly fully fund HB599 for law enforcement as mandated by the Code of Virginia.

Q. Jail Staffing/Compensation Board

The City of Staunton requests the General Assembly fund the required staffing positions based on the Average Daily Population (ADP) for regional jails, which would result in 70 more positions for Middle River Regional Jail based on ADP for 2017.

BE IT ALSO RESOLVED that City Council respectfully requests that the General Assembly **oppose** the following legislation:

A. Eminent Domain by Private Utilities for Surveying

City Council opposes the eminent domain rights extended to Dominion Virginia Power and other private utilities to enter onto private property without the consent of the landowner for the purpose of surveying for proposed projects before agreements have been reached with such property owners.

B. Stormwater Utility Exemptions

City Council opposes legislation which would exempt any property owner from the payment of local stormwater utility fees.

The Clerk of Council shall mail or deliver a copy of this Resolution to the Governor, the City's representatives in the General Assembly, other selected members of the General Assembly and area local governments; to the Virginia Municipal League, Virginia Association of Counties and Virginia First Cities and to other interested persons, as appropriate.

Adopted this 8th day of November, 2018.

AGENDA BRIEFING

Staunton, VA

Meeting Date:	August 22, 2019	Mayor Carolyn Dull
Item #	3	
Ordinance #		
Department:	City Council	
Council Vision:	Culture	
Subject:	Proposal of the Albanian District of Çair, Skopje, North Macedonia for a Symbolic Sister City Agreement with the City of Staunton	

Background: Following a recent visit of Albanian delegates to Staunton and The Woodrow Wilson Presidential Library and Museum, the City of Staunton has been invited by the mayor of the Albanian district of Çair, Skopje, North Macedonia to consider a symbolic sister city agreement. An email detailing the proposed arrangement is attached to this briefing. As proposed, the sister city relationship would require no financial assistance or commitment to long-term projects.

The City of Staunton already enjoys similar sister city relationships with Dabas, Hungary; Maîche, France; and Hördt, Germany. A brief summary of the relationships follows:

Maîche, France

Resolution: July 14, 2005

A relationship stemming from a French American Gospel Music Workshop Exchange and a shared cultural appreciation for the spiritual richness, depth and artistry of gospel music.

Hördt, Germany

Resolution: July 14, 2005

A relationship forged by the generous donations from Hördt of valuable German farm buildings to the Frontier Culture Museum and the priceless educational enrichment it afforded the citizens of Staunton regarding the important role that German immigrants and their culture has played in our history.

Dabas, Hungary

Resolution: December 10, 2009

Initially based on Dabas' exploration and investigation into technical educational initiatives and economic development around the Staunton area, the connection flourished into a sister city relationship to continue informational exchanges for the betterment of both cities.

The resolutions adopted by Council, establishing each of the relationships, are attached.

If Council wishes to enter into a sister city relationship with Çair, Skopje, North Macedonia, it may consider:

1. authorizing staff to draft a resolution to be considered at a future Council meeting, noting the City's desire to enter into a sister city relationship with Çair and extending an invitation to Çair to do so;
2. requesting that the Mayor send a letter to the appropriate Çair officials, enclosing the resolution and officially inviting them to visit Staunton; and
3. authorizing staff to coordinate, at the appropriate time, a reception for a visiting delegation.

A less formal exchange could also be considered.

General information about sister cities can be found at <https://sistercities.org/about-us/what-is-a-sister-city-3>.

City Manager's Recommendation: Discuss the proposal to establish a sister city relationship with Çair, Skopje, North Macedonia and provide guidance and direction to staff.

Suggested Motion: Not applicable.

Dear Mayor Dull,

On behalf of our Albanian delegation I want to thank you for honoring us at the Wilson Library as we came from afar to honor President Wilson. After we left Staunton, we went on to Washington for Wilson-related events at the Embassy of Kosovo, a tour of the Woodrow Wilson house, and the Wilson library at the Library of Congress.

Our team's appreciation for Wilson grew tremendously.

I have been asked to relay to you a proposal from the mayor of the Albanian district of Çair, Skopje, North Macedonia (<https://cair.gov.mk/?lang=en>). The Parliament of North Macedonia has approved that a bust of President Wilson be made and placed in the main park in that district. The US Embassy in North Macedonia is aware of this development and supports such gestures of friendship and solidarity between the two nations.

The proposal is this: Just as Wilson was born in Staunton, Mother Theresa was born in Çair.

Two great Nobelists who changed the world – both born in small cities.

The Albanians of North Macedonia felt a strong connection in Staunton, and would like to propose the idea of a symbolic sister city agreement.

I know that “sister city” agreements can be anything from symbolic gestures to intensive partnerships and projects. My colleagues wanted me to emphasize that they are not requesting financial assistance or your commitment to long-term projects.

They envision an official visit to Staunton, where they would present the city with a small bust of Mother Theresa. If something more modest is preferred such as a medallion, we would work to do what you and your city deem best.

Ideally, they would also love for you or a representative(s) to visit North Macedonia for the inauguration of the Wilson bust at the park.

As we are still within the purview of the 100th anniversary of the Paris Peace Conference, the proposal is that this be done in 2019-2020.

I look forward to your thoughts on this and am happy to discuss by phone if you desire.

Best regards,

Resolution

*Before The
Staunton City Council*

Whereas Staunton, Virginia and Maïche, France, share a deep affection for the spiritual richness, the depth and the artistry of gospel music, and

Whereas, as part of the French American Gospel Music Workshop Exchange, many citizens of Staunton traveled to Maïche in the summer of 2004 and were welcomed with great warmth, friendship and hospitality, and

Whereas many citizens of Maïche are this year traveling to Staunton where they are most welcome, and

Whereas Staunton and Maïche are surrounded by the natural beauty and history of magnificent valleys – the Valley of the Shenandoah and the Valley of the Dessoubre – and share a strong commitment to art and music, to democracy and tolerance, and to international friendship, and

Whereas Staunton and Maïche are increasingly, inextricably and delightfully bound together by the rich beauty of gospel music and a wealth of personal friendships,

Now therefore the Staunton City Council resolves to continue and strengthen its bonds of friendship and mutual interests with Maïche, France, to work toward establishing a more formal relationship, to continue strengthening the bridge of friendship already founded on the strength of musical artistry, and to use that bridge to bring together our citizens, our cities, our regions and our nations.

Considered and adopted by the Staunton City Council acting unanimously in regular session July 14, 2005.

Resolution

Before The Staunton City Council

Whereas Hördt, Germany, a town bound to Staunton, Virginia, by ties of friendship and history, is this year commemorating the 1225th anniversary of its founding, and

Whereas the people of Hördt did most generously give to Staunton and its unique Frontier Culture Museum certain historic and valuable German farm buildings on behalf of their town and nation, and

Whereas the generous gift of this German farm has been of enormous value in teaching the people of Staunton and guests from around its state, its nation and the world of the important role that German immigrants and the German culture played in the region's history, and

Whereas the Mayors of Staunton and Hördt and many others in the two communities have established and have maintained bonds of friendship,

Now, therefore, the Staunton City Council congratulates the people of the Town of Hördt, Germany, on the occasion of that town's 1225th anniversary, and further resolves to continue and strengthen its bonds of friendship with Hördt and to work to further heighten awareness of the role of German culture in our region as a means to bring together our peoples, and our nations.

Meeting Date:	August 22, 2019	Staff Members: Billy Vaughn Rodney Rhodes Nickie Mills Tom Sliwoski
Item #	4	
Ordinance #		
Department:	Community Development Public Works	
Council Vision:	Responsive, Efficient Government Built Environment	
Subject:	Presentation by Virginia Department of Transportation of Greenville Avenue STARS Study	

Background: On October 3, 2018, the Virginia Department of Transportation (VDOT) Staunton District Planning Office announced that Greenville Avenue between Commerce Road in Staunton and the interchange with Route 262 in Augusta County was selected for the FY2018 round of the Strategically Targeted Affordable Roadway Solutions (STARS) program. The purpose of the study is to identify strategies to reduce crashes and enhance facilities serving non-motorized and transit users, while maintaining vehicular capacity through recommended improvements identified by the analysis of existing and forecast conditions. Additionally, the study serves as a primary planning vehicle to identify potential transportation improvements addressing safety and congestion for advancement through VDOT's SMART SCALE program and other state funding programs.

A study scoping and kickoff meeting was held on October 31, 2018, at the VDOT Staunton District Auditorium. City staff have been engaged with VDOT and, early in the process, expressed the need to phase proposed improvements to address transportation needs without negatively impacting local business activity. Staff has provided review of and feedback on the initial draft plan that was developed by VDOT's consultant, Kimley Horn and Associates, Inc. Responding to staff's concerns, the consultant proposed revisions to the study. At this point, staff believes it is necessary for City Council to be briefed on the draft concepts prior to a second round of staff review and the conduct by VDOT of public information meetings in September.

The purpose of the presentation is to update City Council on the study and its implications for Greenville Avenue and corridor businesses that will be affected by the proposed improvements. At Council's August 22, 2019 work session, Adam Campbell, VDOT Assistant District Planner, will provide a brief overview of the draft plan and concepts and receive Council questions and comments.

AGENDA BRIEFING

Staunton, VA

Meeting Date:	August 22, 2019	City Attorney Doug Guynn
Item #	5 & A	
Ordinance #		
Department:	City Attorney	
Council Vision:		
Subject:	An Ordinance to Amend Section 9.05.120, Alcoholic Beverages, Taking or Offering Drink in Public, of Chapter 9.05, Offenses – Miscellaneous, of Title 9, Public Peace, Morals and Welfare, of the Staunton City Code to Update Citations to the Virginia Code	

Background: The City Attorney's office continues its ongoing effort to address City Code updates and to propose amendments as necessary or appropriate. While reviewing Section 9.05.120, it was noted that the references to the sections of the Virginia Code were outdated. The attached ordinance reflects the corrected state code references that have since been recodified.

Suggested Motion: I move that City Council adopt the proposed ordinance amending Section 9.05.120, Alcoholic Beverages, Taking or Offering Drink in Public, of Chapter 9.05, Offenses – Miscellaneous, of Title 9, Pubic Peace, Morals and Welfare, of the Staunton City Code, as indicated in the proposed ordinance to update citations to the Virginia Code.

Ordinance No. 2019-__

**AN ORDINANCE AMENDING, RESTATING, AND REORDAINING
SECTION 9.05.120, ALCOHOLIC BEVERAGES, TAKING OR OFFERING DRINK IN
PUBLIC, OF CHAPTER 9.05, OFFENSES - MISCELLANEOUS,
OF TITLE 9, PUBLIC PEACE, MORALS AND WELFARE,
OF THE STAUNTON CITY CODE
TO UPDATE CITATIONS TO THE VIRGINIA CODE**

Recitals

A. Pursuant to Staunton City Charter Section 11, Fifth, and Section 4.1-128(B) of the Code of Virginia, the City Council has the authority to regulate or prohibit the possession of opened alcoholic beverage containers in its local parks, playgrounds, public streets, and any sidewalk adjoining any public street;

B. The City Council has exercised such authority, as reflected in Staunton City Code Section 9.05.120;

C. To avoid misunderstanding or misapprehension, Section 9.05.120 of the Staunton City Code (SCC) merits amendment to update citations to referenced sections of the Code of Virginia that have since been recodified;

D. Section 4.1-308(C) of the Code of Virginia and Section 9.05.120(3) of the SCC include a permissible exception to be made to any general prohibition against opened alcoholic beverage containers in public places for which a special events license has been granted by the Virginia Alcohol Beverage Control Authority (ABCA). While the City has long administratively applied the exception to allow opened alcoholic beverage containers in locations such as the Wharf and Hardy parking lots, there has been a general City administrative policy by practice of prohibiting the possession of opened alcoholic beverage containers in its local parks, as recognized in its Special Event Application;

E. In the view of the City Attorney, the effect of Section 9.05.120(3) of the SCC is to allow reasonable administrative flexibility in a special event ABCA licensing context;

F. To the extent that City administrative policy by practice regarding special events ABCA licenses merits modification as to City parks, corrected citations in the SCC to the Virginia Code also will assist the user of the SCC to understand the sources of the applicable law in that context;

G. This matter has been properly heard and considered; and

H. These recitals are an integral part of this ordinance.

DISCUSSION ROUGH DRAFT 08.13.19

NOW, THEREFORE, BE IT ORDAINED by the Council of the City of Staunton, Virginia, that Section 9.05.120 be amended as follows:

9.05.120 Alcoholic beverages, taking or offering drink in public.

(1) It shall be unlawful for any person to take a drink of alcoholic beverages or to offer or tender a drink of alcoholic beverages to another, whether accepted or not, at or in any public place in the city.

(2) For the purposes of this section, the terms “alcoholic beverages” and “public place” shall have the meanings ascribed to them in Section ~~4-2~~ 4.1-400 of the Code of Virginia.

(3) This section shall not apply to drinking alcoholic beverages or offering a drink thereof where the same is permitted by Section ~~4-78 (b) and (c)~~ 4.1-308 of the Code of Virginia.

In all other respects, the provisions of Section 9.05.120, Alcoholic beverages, taking or offering drink in public, of Chapter 9.05, Offenses - Miscellaneous, of Title 9, Public Peace, Morals and Welfare, of the Staunton City Code remain the same and are hereby restated, confirmed and reordained.

Subject:	Valley Community Services Board (VCSB) FY2019/2020 Performance Contract	

Background: The Commonwealth of Virginia requires each locality served by a community services board to receive a presentation on the performance contract submitted by the board to the Virginia Department of Behavioral Health & Developmental Services (DBHDS). The contract may be approved by the governing body of the locality (in Staunton, City Council), although if it is not DBHDS has indicated the contract will be implemented in any event. Valley Community Services Board (VCSB) is prepared to submit the attached performance contract to DBHDS for FY2020. Additional supporting materials are also attached. VCSB Executive Director Dave Deering will present a brief overview of VCSB, the services provided to residents of the City of Staunton in FY2019, and the performance contract at Council's work session and will be available to answer any questions.

The main purpose of the performance contract is to memorialize VCSB's status as the official provider of behavioral health services (mental health, developmental disabilities, and substance use disorder services) for the City of Staunton, as well as Augusta County, Highland County and the City of Waynesboro.

City Manager's Recommendation: Approve the performance contract as submitted by Valley Community Services Board.

Suggested Motion: I move to approve the annual performance contract as submitted by Valley Community Services Board.

SUBJECT: **FY 2019 and FY 2020 Community Services Performance Contract Renewal and Revisions**

DATE: June 28, 2019

The Department distributed Letters of Notification and the Community Automated Reporting System (CARS) software electronically on May 22, 2019 containing the initial allocations of state and federal funds to community services boards. There was a delay of the distributing of the Performance Contract due to the Department's internal reorganization. As a result, the Department adjust due dates for processing of the Performance Contract.

The contract documents incorporate changes in the Community Services Performance Contract renewal. The following pages summarize major substantive changes from the Performance Contract Renewal. Other requested changes not included for this renewal period will be reviewed and considered for the next biennial renewal of the Community Services Performance Contract.

Performance Contract Changes

1. **Scope of Services** - Section 4.a.1.) has been revised to add a 30-day advance notification period by a CSB prior to providing a new category or subcategory or stopping an existing category or subcategory or of core services if the service is funded with more than 30 percent of state or federal funds or both.

Section 4.a.2.) has been revised to add a 30-day advance notification period for a CSB operating a residential crisis stabilization unit (RCSU) prior to the increase or decrease of the licensed number of beds in the RCSU or to close the RCSU temporarily or permanently.

2. **Data Elements** - Section 6.c.4.a.) language has been added regarding Services Process Quality Management (SPQM). This language is to ensure that all CSBs will use and work with the Department and the DMC regarding SPQM and the data elements necessary to assess the efficacy of the services as well as the overall effectiveness of clinical interventions provided by

community service boards CSBs in support of improving client functioning (improving their behavioral health).

3. **Exhibit E Performance Contract Process** - Has been revised to reflect the due dates for FY2020. Please see the attached Performance Contract for more information.
4. **Exhibit J Other CSB Accountability Requirements** - Section I.F. has been revised to transition the responsibilities of this section to the Department's Human Resources Department (HR) only as it relates to the employment of a CSB's Executive Director or Behavioral Health Chief Executive Officer. The Department made this change because the responsibilities are better suited to be handled by HR.

Contract Process

Once the Department distributes the CARS software and Letters of Notification, CSBs will submit all of the contract's Exhibit A and table 2 of the Performance Contract Supplement electronically using CARS software. To be accepted for processing by the Department, a contract must satisfy the requirements in Exhibits E and I of the contract.

1. Exhibit A must be submitted to the Department's Office of Information Services and Technology using the CARS software and must be complete and accurate.
2. Since the contract is being distributed electronically, the parts of the contract that are submitted on paper should be printed, signed where necessary, and mailed to the Office of Management Services when Exhibit A is submitted. See Exhibit E in the contract for more information. These parts are:
 - signature page of the contract body
 - signature page of Exhibit B
 - Exhibit D (if applicable)
 - Exhibit F (two pages)
 - Exhibit G

The Department must receive all parts of the contract submitted on paper before a contract submission will be considered complete.

3. Exhibit A must conform to allocations of state and federal funds in the Letter of Notification, unless amounts have been revised by or changes negotiated with the Department and confirmed by the Department in writing. Total funds in each program area (pages AF-1 through AF-8) must equal total costs shown on Forms 11, 21, 31, and 01 or differences must be explained on the Financial Comments form.
4. Contracts must contain actual appropriated amounts of local matching funds. If a CSB cannot include the minimum 10 percent local matching funds in its contract, it must submit a written request for a waiver of the local matching funds requirement, pursuant to § 37.2-509 of the Code of Virginia and State Board Policy 4010, to the Office of Management Services with its contract. More information about the waiver request process is attached to this memo.

The FY 2019 and FY 2020 Performance Contract materials described above are due in the Department's Office of Management Services by August 7, 2019, except for Exhibit A that is submitted to the Office of Information Services and Technology by the July 10, 2019. Section 37.2-508 or 37.2-608 of the Code of Virginia authorizes the Department to provide semi-monthly payments of state and federal funds to allow sufficient time to complete local government approval and Department negotiation and approval of the contract. Exhibit E automatically provides the first

four semi-monthly payments for July and August, whether or not a contract has been submitted. Exhibit E conditions the next four semi-monthly payments for September and October on the Department's receipt of a complete performance contract since the Department may not complete processing contracts until September.

Once the Department receives a contract, the Office of Management Services will review and notify the CSB within five working days if it is not accepted for review by the Department. Unacceptable contracts will need to be revised before the Department will process them. If you have any questions about this memo or the contract documents, please e-mail or call Chaye Neal-Jones at chaye.neal-jones@dbhds.virginia.gov or (804) 225-4242 or Tiffany Ford at tiffany.ford@dbhds.virginia.gov or (804) 786-4982.

We thank you for your patience and cooperation.

**FY 2019 AND FY 2020 COMMUNITY SERVICES PERFORMANCE CONTRACT
RENEWAL AND REVISIONS**

1. Contract Purpose

The Department of Behavioral Health and Developmental Services (the “Department”) and the Community Service Boards (the “CSBs”) enter into this contract for the purpose of funding services provided directly or contractually by the CSB in a manner that ensures accountability to the Department and quality of care for individuals receiving services and implements the mission of supporting individuals by promoting recovery, self-determination, and wellness in all aspects of life. The CSB and the Department agree as follows.

Title 37.2 of the Code of Virginia, hereafter referred to as the Code, establishes the Virginia Department of Behavioral Health and Developmental Services, hereafter referred to as the Department, to support delivery of publicly funded community mental health, developmental, and substance abuse, hereafter referred to as substance use disorder, services and supports and authorizes the Department to fund those services.

Sections 37.2-500 through 37.2-512 of the Code require cities and counties to establish community services boards for the purpose of providing local public mental health, developmental, and substance use disorder services; §§ 37.2-600 through 37.2-615 authorize certain cities or counties to establish behavioral health authorities that plan and provide those same local public services. This contract refers to the community services board, local government department with a policy-advisory community services board, or behavioral health authority named in section 10 as the CSB. Section 37.2-500 or 37.2-601 of the Code requires the CSB to function as the single point of entry into publicly funded mental health, developmental, and substance use disorder services. The CSB fulfills this function for any person who is located in the CSB’s service area and needs mental health, developmental, or substance use disorder services.

Sections 37.2-508 and 37.2-608 of the Code and State Board Policy 4018, available at the Internet link in Exhibit L, establish this contract as the primary accountability and funding mechanism between the Department and the CSB, and the CSB is applying for the assistance provided under Chapter 5 or 6 of Title 37.2 by submitting this contract to the Department.

The CSB Administrative Requirements document is incorporated into and made a part of this contract by reference; it includes or incorporates by reference ongoing statutory, regulatory, policy, and other requirements that are not contained in this contract. The CSB shall comply with all provisions and requirements in that document. If there is a conflict between provisions in that document and this contract, the language in this contract shall prevail. The document is available at the Internet link in Exhibit L.

2. Relationship

The Department functions as the state authority for the public mental health, developmental, and substance use disorder services system, and the CSB functions as the local authority for that system. The relationship between and the roles and responsibilities of the Department and the CSB are described in the Partnership Agreement between the parties, which is incorporated into and made a part of this contract by reference. The Agreement is available at the Internet link in Exhibit L. This contract shall not be construed to establish any employer- employee or principal-agent relationship between employees of the CSB or its board of directors and the Department.

**FY 2019 AND FY 2020 COMMUNITY SERVICES PERFORMANCE CONTRACT
RENEWAL AND REVISIONS**

3. Contract Term

Both parties mutually agree to the renewal and revisions of the FY 2019 and FY 2020 Performance Contract and Exhibits A, E, and J. This contract shall be in effect for a term of one year, commencing on July 1, 2019 and ending on June 30, 2020.

4. Scope of Services

a. Services

Exhibit A of this contract includes all mental health, developmental, and substance use disorder services provided or contracted by the CSB that are supported by the resources described in section 5 of this contract. Services and certain terms used in this contract are defined in the current Core Services Taxonomy, which is incorporated into and made a part of this contract by reference and is available at the Internet link in Exhibit L.

The CSB shall notify the Department 30 days prior to seeking to provide a new category or subcategory or stops providing an existing category or subcategory of core services if the service is funded with more than 30 percent of state or federal funds or both. The CSB shall provide sufficient information to the Office of Management Services (OMS) in the Department for its review and approval of the change, and the CSB shall receive the Department's approval before implementing the new service or stopping the existing service. Pursuant to 12VAC35-105-60 of the *Rules and Regulations for Licensing Providers by the Department of Behavioral Health and Developmental Services*, available at the Internet link in Exhibit L, the CSB shall not modify a licensed service without submitting a modification notice to the Office of Licensing in the Department at least 45 days in advance of the proposed modification.

The CSB operating a residential crisis stabilization unit (RCSU) shall not increase or decrease the licensed number of beds in the RCSU or close it temporarily or permanently without providing 30 days advance notice to the Office of Licensing and the OMS, and receiving the Department's approval prior to implementing the change.

The CSB shall comply with the requirements in Appendix H for Regional Local Inpatient Purchase of Services (LIPOS) funds.

b. Populations Served

The CSB shall provide needed services to adults with serious mental illnesses, children with or at risk of serious emotional disturbance, individuals with developmental disabilities, or individuals with substance use disorders to the greatest extent possible within the resources available to it for this purpose. The current Core Services Taxonomy defines these populations.

c. Expenses for Services

The CSB shall provide those services funded within the funds and for the costs set forth in Exhibit A and documented in the CSB's financial management system. The CSB shall distribute its administrative and management expenses across the three program areas (mental health, developmental, and substance use disorder services), emergency services, and ancillary services on a basis that is auditable and satisfies Generally Accepted Accounting Principles. CSB administrative and management expenses shall be reasonable and subject to review by the Department.

d. Continuity of Care

The CSB shall follow the Continuity of Care Procedures in Appendix A of the CSB Administrative Requirements. The CSB shall comply with regional emergency services protocols.

e. Coordination of Developmental Disability Waiver Services

The CSB shall provide case management, also referred to as support coordination, services directly or through contracts to all individuals who are receiving services under Medicaid Developmental Disability Home and Community-Based Waivers (DD Waivers). In its capacity as the case manager for these individuals and in order to receive payment for services from the Department of Medical Assistance Services (DMAS), the CSB shall coordinate the development of service authorization requests for DD Waiver services and submit them to the Department for authorization, pursuant to the current DMAS/Department Interagency Agreement, under which the Department authorizes waiver services as a delegated function from the DMAS. As part of its specific case management responsibilities for individuals receiving DD Waiver services, the CSB shall coordinate and monitor the delivery of all services to individuals it serves, including monitoring the receipt of services in an individual's individual support plan (ISP) that are delivered by independent providers who are reimbursed directly by the DMAS, to the extent that the CSB is not prohibited from doing so by such providers (refer to the DMAS policy manuals for the DD Waivers). The CSB shall raise issues regarding its efforts to coordinate and monitor services provided by independent vendors to the applicable funding or licensing authority, such as the Department, DMAS, or Virginia Department of Social Services. In fulfilling this service coordination responsibility, the CSB shall not restrict or seek to influence an individual's choice among qualified service providers. This section does not, nor shall it be construed to, make the CSB legally liable for the actions of independent providers of DD Waiver services.

f. Intensive Care Coordination for the Comprehensive Services Act

As the single point of entry into publicly funded mental health, developmental, and substance use disorder services pursuant to § 37.2-500 of the Code and as the exclusive provider of Medicaid rehabilitative mental health and developmental case management services and with sole responsibility for targeted DD case management services, the CSB is the most appropriate provider of intensive care coordination (ICC) services through the Children's Services Act (CSA), § 2.2-5200 et seq. of the Code. The CSB and the local community policy and management team (CPMT) in its service area shall determine collaboratively the most appropriate and cost-effective provider of ICC services for children who are placed in or are at risk of being placed in residential care through the CSA program in accordance with guidelines developed by the State Executive Council and shall develop a local plan for ICC services that best meets the needs of those children and their families. If there is more than one CPMT in the CSB's service area, the CPMTs and the CSB may work together as a region to develop a plan for ICC services.

If the CSB is identified as the provider of ICC services, it shall work in close collaboration with its CPMT(s) and family assessment and planning team(s) to implement ICC services, to assure adequate support for these services through local CSA funds, and to assure that all children receive appropriate assessment and care planning services. Examples of ICC activities include: efforts at diversion from more restrictive levels of care, discharge planning to expedite return from residential or facility care, and community placement monitoring and care coordination work with family members and other significant stakeholders. If it contracts with another entity to provide ICC services, the CSB shall remain fully responsible for ICC services, including monitoring the services provided under the contract.

g. Linkages with Health Care

When it arranges for the care and treatment of individuals in hospitals, inpatient psychiatric facilities, or psychiatric units of hospitals, the CSB shall assure its staff's cooperation with those hospitals, inpatient psychiatric facilities, or psychiatric units of hospitals, especially emergency rooms and emergency room physicians, to promote continuity of care for those individuals.

**FY 2019 AND FY 2020 COMMUNITY SERVICES PERFORMANCE CONTRACT
RENEWAL AND REVISIONS**

Pursuant to subdivision A.4 of § 37.2-505, the CSB shall provide information using a template provided by the Department about its substance use disorder services for minors to all hospitals in its service area that are licensed pursuant to Article 1 of Chapter 5 of Title 32.1.

h. Medical Screening and Medical Assessment

When it arranges for the treatment of individuals in state hospitals or local inpatient psychiatric facilities or psychiatric units of hospitals, the CSB shall assure that its staff follows the current Medical Screening and Medical Assessment Guidance Materials, available at the Internet link in Exhibit L. The CSB staff shall coordinate care with emergency rooms, emergency room physicians, and other health and behavioral health providers to ensure the provision of timely and effective medical screening and medical assessment to promote the health and safety of and continuity of care for individuals receiving services.

i. Coordination with Local Psychiatric Hospitals

When the CSB performed the preadmission screening evaluation for an individual admitted involuntarily and when referral to the CSB is likely upon the discharge, the CSB shall coordinate or, if it pays for the service, approve an individual's admission to and continued stay in a psychiatric unit or psychiatric hospital. The CSB shall collaborate with the unit or hospital to assure appropriate treatment and discharge planning to the least restrictive setting and to avoid the use of these facilities when the service is no longer needed.

j. Targeted Case Management Services

In accordance with the Community Mental Health Rehabilitative Services manual and the policy manuals for the DD Waivers issued by the DMAS, the CSB shall be the only provider of rehabilitative mental health case management services and shall have sole responsibility for targeted DD case management services, whether the CSB provides them directly or subcontracts them from another provider.

k. Choice of Case Managers

Individuals receiving case management services shall be offered a choice of case managers to the extent possible, and this shall be documented by a procedure to address requests for changing a case manager or for receiving case management services at another CSB or from a contracted case management services provider. The CSB shall provide a copy of this procedure to the Department upon request. During its inspections, the Department's Licensing Office may verify this as it reviews services records and examines the procedure.

l. Access to Services

The CSB shall not establish or implement policies that deny or limit access to services funded in part by state or local matching funds or federal block grant funds only because an individual: a.) is not able to pay for services, b.) is not enrolled in Medicaid, or c.) is involved in the criminal justice system. The CSB shall not require an individual to receive case management services in order to receive other services that it provides, directly or contractually, unless it is permitted to do so by applicable regulations or the person is an adult with a serious mental illness, a child with or at risk of serious emotional disturbance, or an individual with a developmental disability or a substance use disorder, the person is receiving more than one other service from the CSB, or a licensed clinician employed or contracted by the CSB determines that case management services are clinically necessary for that individual. Federal Medicaid targeted case management regulations forbid using case management to restrict access to other services by Medicaid recipients or compelling Medicaid recipients to receive case management if they are receiving another service.

m. Virginia Psychiatric Bed Registry

The CSB shall participate in and utilize the Virginia Psychiatric Bed Registry required by § 37.2-308.1 of the Code to access local or state hospital psychiatric beds or residential crisis stabilization beds whenever necessary to comply with requirements in § 37.2-809 of the Code that govern the temporary detention process. If the CSB operates residential crisis stabilization services, it shall update information about bed availability included in the registry whenever there is a change in bed availability for the facility or, if no change in bed availability has occurred, at least daily.

n. Preadmission Screening

The CSB shall provide preadmission screening services pursuant to § 37.2-505 or § 37.2-606, § 37.2-805, § 37.2-809 through § 37.2-813, § 37.2-814, and § 16.1-335 et seq. of the Code and in accordance with the Continuity of Care Procedures in Appendix A of the CSB Administrative Requirements for any person who is located in the CSB's service area and may need admission for involuntary psychiatric treatment. The CSB shall ensure that persons it designates as preadmission screening clinicians meet the qualifications established by the Department per section 4.h and have received required training provided by the Department.

o. Discharge Planning

The CSB shall provide discharge planning pursuant to § 37.2- 505 or § 37.2-606 of the Code and in accordance with State Board Policies 1035 and 1036, the Continuity of Care Procedures, Exhibit K of this contract, and the current *Collaborative Discharge Protocols for Community Services Boards and State Hospitals Adult & Geriatric or Child & Adolescent* and the *Training Center - Community Services Board Admission and Discharge Protocols for Individuals with Intellectual Disabilities* issued by the Department that are incorporated into and made a part of this contract by reference. The protocols and State Board policies are available at the Internet links in Exhibit L. The CSB shall monitor the state hospital extraordinary barriers to discharge list and strive to achieve community placements for individuals on the list for whom it is the case management CSB as soon as possible.

p. Retention in Services

The CSB shall attempt to contact and re-engage any individual who (i) was admitted to the mental health or substance use disorder services program area, (ii) has not received any mental health or substance use disorder service within 100 days since the last service he or she received, and (iii) has not been discharged. The CSB may attempt to contact and re-engage an individual sooner than 100 days. If it cannot contact or re-engage the individual within 30 days from the end of the 100-day period, the CSB shall discharge the individual and report the discharge using a Community Consumer Submission 3 (CCS 3) type of care record with a through date of the date of the last service she or he received. The CSB may discharge an individual sooner than this if discharge is clinically or administratively appropriate, for example if the individual moves out of the service area, terminates services, or dies.

q. Department of Justice Settlement Agreement Requirements

The CSB agrees to comply with the following requirements in the Settlement Agreement for Civil Action No: 3:12cv00059-JAG between the U.S. Department of Justice (DOJ) and the Commonwealth of Virginia, entered in the U. S. District Court for the Eastern District of Virginia on August 23, 2012 [section IX.A, p. 36] and available at the Internet link in Exhibit L. Sections identified in text or brackets refer to sections in the Agreement. Requirements apply to the target population in section III.B: individuals with developmental disabilities who currently reside in training centers, (ii) meet criteria for the DD Waiver waiting list, (iii) reside in a nursing home or an intermediate care facility (ICF), or (iv) receive DD Waiver services.

**FY 2019 AND FY 2020 COMMUNITY SERVICES PERFORMANCE CONTRACT
RENEWAL AND REVISIONS**

- 1.) Case management services, defined in section III.C.5.b, shall be provided to all individuals receiving Medicaid Home and Community-Based Waiver services under the Agreement by case managers or support coordinators who are not directly providing or supervising the provision of Waiver services to those individuals [section III.C.5.c, p. 8].
- 2.) For individuals receiving case management services pursuant to the Agreement, the individual's case manager or support coordinator shall meet with the individual face-to-face on a regular basis and shall conduct regular visits to the individual's residence, as dictated by the individual's needs [section V.F.1, page 26]. At these face-to-face meetings, the case manager or support coordinator shall: observe the individual and the individual's environment to assess for previously unidentified risks, injuries, needs, or other changes in status; assess the status of previously identified risks, injuries, needs, or other changes in status; assess whether the individual's individual support plan (ISP) is being implemented appropriately and remains appropriate for the individual; and ascertain whether supports and services are being implemented consistent with the individual's strengths and preferences and in the most integrated setting appropriate to the individual's needs. The case manager or support coordinator shall document in the ISP the performance of these observations and assessments and any findings, including any changes in status or significant events that have occurred since the last face-to-face meeting. If any of these observations or assessments identifies an unidentified or inadequately addressed risk, injury, need, or change in status, a deficiency in the individual's support plan or its implementation, or a discrepancy between the implementation of supports and services and the individual's strengths and preferences, then the case manager or support coordinator shall document the issue, convene the individual's service planning team to address it, and document its resolution.
- 3.) Using a process developed jointly by the Department and Virginia Association of Community Services Boards (VACSB) Data Management Committee, the CSB shall report the number, type, and frequency of case manager or support coordinator contacts with individuals receiving case management services [section V.F.4, p. 27].
- 4.) The CSB shall report key indicators, selected from relevant domains in section V.D.3 on page 24, from the case manager's or support coordinator's face-to-face visits and observations and assessments [section V.F.5, p 27].
- 5.) The individual's case manager or support coordinator shall meet with the individual face-to-face at least every 30 days, and at least one such visit every two months must be in the individual's place of residence, for any individuals who [section V.F.3, pages 26 and 27]:

 - b.) Have more intensive behavioral or medical needs as defined by the Supports Intensity Scale category representing the highest level of risk to individuals
 - c.) Have an interruption of service greater than 30 days;
 - d.) Encounter the crisis system for a serious crisis or for multiple less serious crises within a three-month period;
 - e.) Have transitioned from a training center within the previous 12 months; or
 - f.) Reside in congregate settings of five or more individuals.Refer to Enhanced Case Management Criteria Instructions and Guidance issued by the Department, available at the Internet link in Exhibit L, for additional information.
- 6.) Case managers or support coordinators shall give individuals a choice of service providers from which they may receive approved DD Waiver services, present all options of service

RENEWAL AND REVISIONS**

providers based on the preferences of the individuals, including CSB and non-CSB providers, and document this using the Virginia Informed Choice Form in the waiver management system (WaMS) application. [section III.C.5.c, p. 8].

7.) Case managers or support coordinators shall offer education about integrated community options to any individuals living outside of their own or their families' homes and, if relevant, to their authorized representatives or guardians [sec. III.D.7, p. 14]. Case managers shall offer this education at least annually and at the following times:

- a.) at enrollment in a DD Waiver,
- b.) when there is a request for a change in Waiver service provider(s),
- c.) when an individual is dissatisfied with a current Waiver service provider,
- d.) when a new service is requested,
- e.) when an individual wants to move to a new location, or
- f.) when a regional support team referral is made as required by the Virginia Informed Choice Form.

8.) CSB emergency services shall be available 24 hours per day and seven days per week, staffed with clinical professionals who shall be able to assess crises by phone, assist callers in identifying and connecting with local services, and, where necessary, dispatch at least one mobile crisis team member adequately trained to address the crisis [section III.C.6.b.i.A, p. 9]. This requirement shall be met through the Regional Education Assessment Crisis Services Habilitation (REACH) program that is staffed 24 hours per day and seven days per week by qualified persons able to assess and assist individuals and their families during crisis situations and has mobile crisis teams to address crisis situations and offer services and support on site to individuals and their families within one hour in urban areas and two hours in rural areas as measured by the average annual response time [section III.C.6.b.ii, pages 9 and 10]. Emergency services staff shall receive consistent training from the Department on the REACH crisis response system.

CSB emergency services shall notify the REACH program of any individual suspected of having a developmental disability who is experiencing a crisis and seeking emergency services as soon as possible, preferably at the onset of a preadmission screening evaluation. When possible, this would allow REACH and emergency services to appropriately divert the individual from admission to psychiatric inpatient services when possible. If the CSB has an individual receiving services in the REACH program with no plan for placement and a length of stay that will soon exceed 30 concurrent days, the CSB Executive Director or his or her designee shall provide a weekly update describing efforts to achieve an appropriate disposition for the individual to the Director of Community Support Services in the Department's Division of Developmental Services.

9.) Comply with State Board Policy 1044 (SYS) 12-1 Employment First, available at the Internet link in Exhibit L [section III.C.7.b, p. 11]. This policy supports identifying community-based employment in integrated work settings as the first and priority service option offered by case managers or support coordinators to individuals receiving day support or employment services.

10.) CSB case managers or support coordinators shall liaise with the Department's regional community resource consultants in their regions [section III.E.1, p. 14].

The CSB shall provide information obtained in these post move monitoring visits to the Department within seven business days after the visit.

17.) 18.) Using the protocol and the real-time, web-based incident reporting system implemented by the Department, the CSB shall report any suspected or alleged incidents of abuse or neglect as defined in § 37.2-100 of the Code, serious injuries as defined in 12 VAC 35- 115-30 of the *Rules and Regulations to Assure the Rights of Individuals Receiving Services from Providers Licensed, Funded, or Operated by the Department of Behavioral Health and Developmental Services*, available at the Internet link in Exhibit L, or deaths to the Department within 24 hours of becoming aware of them [section V.C.2, p. 22].

The Independent Reviewer shall exercise his access in a manner that is reasonable and not unduly burdensome to the operation of the CSB and that has minimal impact on programs or services being provided to individuals receiving services under the Agreement [section VI.H, p. 30 and 31].

22.) Participate with the Department and its third party vendors in the implementation of the National Core Indicators (NCI) Surveys and Quality Service Reviews (QSRs) for selected individuals receiving services under the Agreement. This includes informing individuals and authorized representatives about their selection for participation in the NCI individual surveys or QSRs; providing the access and information requested by the vendor, including health records, in a timely manner; assisting with any individual specific follow up activities; and completing NCI surveys [section V.I, p. 28].

23.) The CSB shall notify the community resource consultant (CRC) and regional support team (RST) in the following circumstances to enable the RST to monitor, track, and trend community integration and challenges that require further system development:

- a.) within five calendar days of an individual being presented with any of the following residential options: an ICF, a nursing facility, a training center, or a group home with a licensed capacity of five beds or more;

y. Same Day Access (SDA)

SDA means an individual may walk into or contact a CSB to request mental health or substance use disorder services and receive a comprehensive clinical behavioral health assessment, not just a screening, from a licensed or license-eligible clinician the same day. Based on the results of the comprehensive assessment, if the individual is determined to need services, the goal of SDA is that he or she receives an appointment for face-to-face or other direct services in the program offered by the CSB that best meets his or her needs within 10 business days, sooner if indicated by clinical circumstances. SDA emphasizes engagement of the individual, uses concurrent EHR documentation during the delivery of services, implements techniques to reduce appointment no shows, and uses centralized scheduling. If it has received state mental health funds to implement SDA, the CSB shall report SDA outcomes through the CCS 3 outcomes file. The CSB shall report the date of each SDA comprehensive assessment, whether the assessment determined that the individual needed services offered by the CSB, and the date of the first service offered at the CSB for all individuals seeking mental health or substance use disorder services from the CSB. The Department shall measure SDA by comparing the date of the comprehensive assessment that determined the individual needed services and the date of the first CSB face-to-face or other direct service offered to the individual.

a. Allocations of State General and Federal Funds

The Department shall inform the CSB of its state and federal fund allocations in a letter of notification. The Department may adjust allocation amounts during the term of this contract. The Department may reduce restricted or earmarked state or federal funds during the contract term if the CSB reduces significantly or stops providing services supported by those funds as documented in CCS 3 or CARS reports. These reductions shall not be subject to provisions in sections 9.c or 9.f of this contract. The Commissioner or his designee shall communicate all adjustments to the CSB in writing. Allocations of state and federal funds shall be based on state and federal statutory and regulatory requirements, provisions of the Appropriation Act, State Board policies, and previous allocation amounts.

b. Disbursement of State or Federal Funds

6. CSB Responsibilities

a. State Hospital Bed Utilization

In accordance with § 37.2-508 or § 37.2-608 of the Code, the CSB shall develop jointly with the Department and with input from private providers involved with the public mental health, developmental, and substance use disorder services system mechanisms, such as the Discharge Protocols, Extraordinary Barriers to Discharge lists, and regional utilization management procedures and practices, and employ these mechanisms collaboratively with state hospitals that serve it to manage the utilization of state hospital beds. Utilization will be measured by bed days received by individuals for whom the CSB is the case management CSB.

The CSB shall implement procedures or utilize existing local or regional protocols to ensure appropriate management of each admission to a state hospital under a civil temporary detention order recommended by the CSB's preadmission screening clinicians to identify the cause of the admission and the actions the CSB may take in the future to identify alternative facilities. The CSB shall provide copies of the procedures and analyses to the Department upon request.

b. Quality of Care

1.) Department CSB Performance Measures: CSB staff shall monitor the CSB's outcome and performance measures in Exhibit B, identify and implement actions to improve its ranking on any measure on which it is below the benchmark, and present reports on the measures and actions at least quarterly during scheduled meetings of the CSB board of directors.

2.) Quality Improvement and Risk Management: The CSB shall develop, implement, and maintain a quality improvement plan, itself or in affiliation with other CSBs, to improve services, ensure that services are provided in accordance with current acceptable professional practices, and address areas of risk and perceived risks. The CSB shall provide a copy of its procedures to the Department upon request.

4.) Individual Outcome and CSB Provider Performance Measures

5.) Prevention Services

a.) Strategic Prevention Framework (SPF): The CSB, in partnership with local community coalitions, shall use the evidenced-based Strategic Prevention Framework (SPF) planning model to: complete a needs assessment using community, regional, and state data; build capacity to successfully implement prevention services; develop logic models and a strategic plan with measurable goals, objectives, and strategies; implement evidenced-based programs, practices, and strategies that are linked to data and target populations; evaluate program management and decision making for enabling the ability to reach outcomes; plan for the sustainability of prevention outcomes; and produce evidence of cultural competence throughout all aspects of the SPF process.

b.) Logic Models: The CSB shall use logic models that identify individual (i.e., youth, families, and parents) -, community-, and population-level strategies (e.g., environmental approaches). One logic model shall outline CSB federal substance abuse block grant (SABG) prevention set aside-funded services. The other model(s) shall be the CSB partnership coalition's logic model(s) reflecting the collaborative relationship of the CSB with the coalition in the implementation of community-level and environmental approaches. The CSB shall use the Institute of Medicine model to identify target populations based on levels of risk: universal, selective, and indicated.

**FY 2019 AND FY 2020 COMMUNITY SERVICES PERFORMANCE CONTRACT
RENEWAL AND REVISIONS**

Substance abuse prevention services may not be delivered to persons who have substance use disorders in an effort to prevent continued substance use. The CSB shall utilize the six federal Center for Substance Abuse Prevention evidenced- based strategies: information dissemination, education and skill building, alternatives, problem identification and referral, community-based process, and environmental approaches. Community-based process and coalitions and environmental approaches that impact the population as a whole are keys to achieving successful outcomes and are Department priorities.

c.) Program, Practice, and Strategy Selection and Implementation: The Department prioritizes programs, practices, and strategies that target the prevention of substance use disorders and suicide and promotes mental health wellness across the lifespan using data to identify specific targets. The current prevention model best practice and a Department priority is environmental strategies complemented by programs that target the highest risk populations: selective and indicated (refer to subsection 5.b). All programs, practices, and strategies must link to a current local needs assessment and align with priorities set forth by the Department. The CSB must select programs, practices, and strategies from the following menu: Office of Juvenile Justice and Delinquency Prevention Effective, Blueprints Model Programs, Blueprints Promising Programs, Suicide Prevention Resource Center Section 1, or Centers for Disease Control and Prevention Evidence-Based Practices, and the CSB must select them based on evidence and effectiveness for the community and target population. This will ensure the independence of services from case management or service coordination and avoid perceptions of undue case management or support coordination influence on service choices by an individual.

8.) Program and Service Reviews: The Department may conduct or contract for reviews of programs or services provided or contracted by the CSB under this contract to examine their quality or performance at any time as part of its monitoring and review responsibilities or in response to concerns or issues that come to its attention, as permitted under 45 CFR § 164.512 (a), (d), and (k) (6) (ii) and as part of its health oversight functions under § 32.1-127.1:03 (D) (6) and § 37.2-508 or § 37.2-608 of the Code or with a valid authorization by the individual receiving services or his authorized representative that complies with the *Rules and Regulations to Assure the Rights of Individuals Receiving Services from Providers Licensed, Funded, or Operated by the Department of Behavioral Health and Developmental Services*, available at the Internet link in Exhibit L, and the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Privacy Rule. The CSB agrees to provide copies of contracts or other documents to the Department on request. A subcontract means a written agreement between the CSB and another party under which the other party performs any of the CSB's obligations. Subcontracts, unless the context or situation supports a different interpretation or meaning, also may include agreements, memoranda of understanding, purchase orders, contracts, or other similar documents for the purchase of services or goods by the CSB from another organization or agency or a person on behalf of an individual. If the CSB hires an individual not as an employee but as a contractor (e.g., a part-time psychiatrist) to work in its programs, this does not constitute subcontracting under this section. CSB payments for rent or room and board in a non-licensed facility (e.g., rent subsidies or a hotel room) do not constitute subcontracting under this section, and the provisions of this section, except for compliance with the

**FY 2019 AND FY 2020 COMMUNITY SERVICES PERFORMANCE CONTRACT
RENEWAL AND REVISIONS**

Human Rights regulations, do not apply to the purchase of a service for one individual.

a. Subcontracts

The written subcontract shall, as applicable and at a minimum, state the activities to be performed, the time schedule and duration, the policies and requirements, including data reporting, applicable to the subcontractor, the maximum amount of money for which the CSB may become obligated, and the manner in which the subcontractor will be compensated, including payment time frames. Subcontracts shall not contain provisions that require a subcontractor to make payments or contributions to the CSB as a condition of doing business with the CSB.

b. Subcontractor Compliance

The CSB shall require that its subcontractors comply with the requirements of all applicable federal and state statutes, regulations, policies, and reporting requirements that affect or are applicable to the services included in this contract. The CSB shall require that its subcontractors submit to the CSB all required CCS 3 data on individuals they served and services they delivered in the applicable format so that the CSB can include this data in its CCS 3 submissions to the Department. The CSB shall require that any agency, organization, or person with which it intends to subcontract services that are included in this contract is fully qualified and possesses and maintains current all necessary licenses or certifications from the Department and other applicable regulatory entities before it enters into the subcontract and places individuals in the subcontracted service. The CSB shall require all subcontractors that provide services to individuals and are licensed by the Department to maintain compliance with the Human Rights Regulations adopted by the State Board.

The CSB shall, to the greatest extent practicable, require all other subcontractors that provide services purchased by the CSB for individuals and are not licensed by the Department to develop and implement policies and procedures that comply with the CSB's human rights policies and procedures or to allow the CSB to handle allegations of human rights violations on behalf of individuals served by the CSB who are receiving services from such subcontractors. When it funds providers such as family members, neighbors, individuals receiving services, or others to serve individuals, the CSB may comply with these requirements on behalf of those providers, if both parties agree.

c. Subcontractor Dispute Resolution

The CSB shall include contract dispute resolution procedures in its contracts with subcontractors.

d. Quality Improvement Activities

The CSB shall, to the extent practicable, incorporate specific language in its subcontracts regarding the quality improvement activities of subcontractors. Each vendor that subcontracts with the CSB should have its own quality improvement system in place or participate in the CSB's quality improvement program.

9. Terms and Conditions

a. Availability of Funds

The Department and the CSB shall be bound by the provisions of this contract only to the extent of the funds available or that may hereafter become available for the purposes of the contract.

b. Compliance

The Department may utilize a variety of remedies, including requiring a corrective action plan, delaying payments, reducing allocations or payments, and terminating the contract, to assure CSB compliance with this contract. Specific remedies, described in Exhibit I of this contract, may be

**FY 2019 AND FY 2020 COMMUNITY SERVICES PERFORMANCE CONTRACT
RENEWAL AND REVISIONS**

taken if the CSB fails to satisfy the reporting requirements in this contract.

c. Disputes

Resolution of disputes arising from Department contract compliance review and performance management efforts or from actions by the CSB related to this contract may be pursued through the dispute resolution process in section 9.f, which may be used to appeal only the following conditions:

- 1.) reduction or withdrawal of state general or federal funds, unless funds for this activity are withdrawn by action of the General Assembly or federal government or by adjustment of allocations or payments pursuant to section 5 of this contract;
- 2.) termination or suspension of the contract, unless funding is no longer available; 3.) refusal to negotiate or execute a contract modification;
- 4.) disputes arising over interpretation or precedence of terms, conditions, or scope of the contract; or
- 5.) determination that an expenditure is not allowable under this contract.

d. Remediation Process

The Department and the CSB shall use the remediation process mentioned in subsection E of § 37.2-508 or § 37.2-608 of the Code to address a particular situation or condition identified by the Department or the CSB that may, if unresolved, result in termination of all or a portion of the contract in accordance with the provisions of section 9.e. The parties shall develop the details of this remediation process and add them as an Exhibit D of this contract. This exhibit shall:

- 1.) describe the situation or condition, such as a pattern of failing to achieve a satisfactory level of performance on a significant number of major outcome or performance measures in the contract, that if unresolved could result in termination of all or a portion of the contract;
- 2.) require implementation of a plan of correction with specific actions and timeframes approved by the Department to address the situation or condition; and
- 3.) include the performance measures that will document a satisfactory resolution of the situation or condition.

If the CSB does not implement the plan of correction successfully within the approved timeframes, the Department, as a condition of continuing to fund the CSB, may request changes in the management and operation of the CSB's services linked to those actions and measures in order to obtain acceptable performance. These changes may include realignment or re-distribution of state-controlled resources or restructuring the staffing or operations of those services. The Department shall review and approve any changes before their implementation. Any changes shall include mechanisms to monitor and evaluate their execution and effectiveness.

e. Termination

- 1.) The Department may terminate all or a portion of this contract immediately at any time during the contract period if funds for this activity are withdrawn or not appropriated by the General Assembly or are not provided by the federal government. In this situation, the obligations of the Department and the CSB under this contract shall cease immediately. The CSB and Department shall make all reasonable efforts to ameliorate any negative consequences or effects of contract termination on individuals receiving services and CSB staff.
- 2.) The CSB may terminate all or a portion of this contract immediately at any time during the contract period if funds for this activity are withdrawn or not appropriated by its local government(s) or other funding sources. In this situation, the obligations of the CSB and the Department under this contract shall cease immediately. The CSB and Department shall make all reasonable efforts to ameliorate any negative consequences or effects of contract termination

**FY 2019 AND FY 2020 COMMUNITY SERVICES PERFORMANCE CONTRACT
RENEWAL AND REVISIONS**

on individuals receiving services and CSB staff.

3.) In accordance with subsection E of § 37.2-508 or § 37.2-608 of the Code, the Department may terminate all or a portion of this contract, after unsuccessful use of the remediation process described in section 9.d and after affording the CSB an adequate opportunity to use the dispute resolution process described in section 9.f of this contract. The Department shall deliver a written notice specifying the cause to the CSB's board chairperson and executive director at least 75 days prior to the date of actual termination of the contract. In the event of contract termination under these circumstances, only payment for allowable services rendered by the CSB shall be made by the Department.

f. Dispute Resolution Process

Disputes arising from any of the conditions in section 9.c of this contract shall be resolved using the following process:

1.) Within 15 calendar days of the CSB's identification or receipt of a disputable action taken by the Department or of the Department's identification or receipt of a disputable action taken by the CSB, the party seeking resolution of the dispute shall submit a written notice to the Department's OMS Director, stating its desire to use the dispute resolution process. The written notice must describe the condition, nature, and details of the dispute and the relief sought by the party.

2.) The OMS Director shall review the written notice and determine if the dispute falls within the conditions listed in section 9.c. If it does not, the OMS Director shall notify the party in writing within seven days of receipt of the written notice that the dispute is not subject to this dispute resolution process. The party may appeal this determination to the Commissioner in writing within seven days of its receipt of the Director's written notification.

3.) If the dispute falls within the conditions listed in section 9.c, the OMS Director shall notify the party within seven days of receipt of the written notice that a panel will be appointed within 15 days to conduct an administrative hearing.

4.) Within 15 days of notification to the party, a panel of three or five disinterested persons shall be appointed to hear the dispute. The CSB shall appoint one or two members; the Commissioner shall appoint one or two members; and the appointed members shall appoint the third or fifth member. Each panel member will be informed of the nature of the dispute and be required to sign a statement indicating that he has no interest in the dispute. Any person with an interest in the dispute shall be relieved of panel responsibilities and another person shall be selected as a panel member.

5.) The OMS Director shall contact the parties by telephone and arrange for a panel hearing at a mutually convenient time, date, and place. The panel hearing shall be scheduled not more than 15 days after the appointment of panel members. Confirmation of the time, date, and place of the hearing will be communicated to all parties at least seven days in advance of the hearing.

6.) The panel members shall elect a chairman and the chairman shall convene the panel. The party requesting the panel hearing shall present evidence first, followed by the presentation of the other party. The burden shall be on the party requesting the panel hearing to establish that the disputed decision or action was incorrect and to present the basis in law, regulation, or policy for its assertion. The panel may hear rebuttal evidence after the initial presentations by the CSB and the Department. The panel may question either party in order to obtain a clear understanding of the facts.

7.) Subject to provisions of the Freedom of Information Act, the panel shall convene in closed session at the end of the hearing and shall issue written recommended findings of fact within seven days of the hearing. The recommended findings of fact shall be submitted to the Commissioner for a final decision.

8.) The findings of fact shall be final and conclusive and shall not be set aside by the

**FY 2019 AND FY 2020 COMMUNITY SERVICES PERFORMANCE CONTRACT
RENEWAL AND REVISIONS**

Commissioner unless they are (a.) fraudulent, arbitrary, or capricious; (b.) so grossly erroneous as to imply bad faith; (c.) in the case of termination of the contract due to failure to perform, the criteria for performance measurement are found to be erroneous, arbitrary, or capricious; or (d.) not within the CSB's purview.

9.) The final decision shall be sent by certified mail to both parties no later than 60 days after receipt of the written notice from the party invoking the dispute resolution process.

10.) Multiple appeal notices shall be handled independently and sequentially so that an initial appeal will not be delayed by a second appeal.

11.) The CSB or the Department may seek judicial review of the final decision to terminate the contract in the Circuit Court for the City of Richmond within 30 days of receipt of the final decision.

g. Contract Amendment

This contract, including all exhibits and incorporated documents, constitutes the entire agreement between the Department and the CSB. The services identified in Exhibit A of this contract may be revised in accordance with the performance contract revision instructions contained in Exhibit E of this contract. Other provisions of this contract may be amended only by mutual agreement of the parties, in writing and signed by the parties hereto.

h. Liability

The CSB shall defend or compromise, as appropriate, all claims, suits, actions, or proceedings arising from its performance of this contract. The CSB shall obtain and maintain sufficient liability insurance to cover claims for bodily injury and property damage and suitable administrative or directors and officers liability insurance. The CSB may discharge these responsibilities by means of a proper and sufficient self-insurance program operated by the state or a city or county government. The CSB shall provide a copy of any policy or program to the Department upon request. This contract is not intended to and does not create by implication or otherwise any basis for any claim or cause of action by a person or entity not a party to this contract arising out of any claimed violation of any provision of this contract, nor does it create any claim or right on behalf of any person to services or benefits from the CSB or the Department.

i. Constitution of the CSB

The resolutions or ordinances currently in effect that were enacted by the governing body or bodies of the local government or governments to establish the CSB are consistent with applicable statutory requirements in §§ 37.2-500, 37.2- 501, and 37.2-502 or §§ 37.2-601, 37.2-602, and 37.2-603 of the Code and accurately reflect the current purpose, roles and responsibilities, local government membership, number and type of CSB board member appointments from each locality, the CSB's relationship with its local government or governments, and the name of the CSB.

j. Severability

Each paragraph and provision of this contract is severable from the entire contract, and the remaining provisions shall nevertheless remain in full force and effect if any provision is declared invalid or unenforceable.

10. Signatures

In witness thereof, the Department and the CSB have caused this performance contract to be executed by the following duly authorized officials.

Exhibit B: Continuous Quality Improvement (CQI) Process and CSB Performance Measures

The Department shall continue to work with CSBs to achieve a welcoming, recovery-oriented, integrated services system for individuals receiving services and their families in which CSBs, state facilities, programs, and services staff, in collaboration with individuals and their families, are becoming more welcoming, recovery-oriented, and integrated. The process for achieving this goal within limited resources is to build a system-wide CQI process in a partnership among CSBs, the Department, and other stakeholders in which there is a consistent shared vision combined with a measurable and achievable implementation process for each CSB to make progress toward it.

Appendix E in the CSB Administrative Requirements provides further clarification for those implementation activities, so that each CSB can be successful in designing a performance improvement process at the local level. Pursuant to Section 7: Accountability in the Community Services Performance Contract Partnership Agreement, the CSB provides the affirmations in Appendix E of the CSB Administrative Requirements of its compliance with the performance expectations and goals in that appendix. If the CSB cannot provide a particular affirmation, it shall attach an explanation to this exhibit with a plan for complying with the identified expectation or goal, including specific actions and target dates. The Department will review this plan and negotiate any changes with the CSB, whereupon, it will be part of this exhibit.

The CSB and Department agree to implement, monitor, and take appropriate action on the following performance measures.

I. Exhibit B Performance Measures

A. Continuity of Care for Local Psychiatric Inpatient Discharges

1. **Measure:** Percent of individuals for whom the CSB purchased or managed local inpatient psychiatric services from a private psychiatric hospital or psychiatric unit in a public or private hospital who keep a face-to-face (non-emergency) mental health outpatient service appointment within seven calendar days after discharge.
2. **Benchmark:** **At least 70 percent** of these individuals shall receive a face-to-face (non-emergency) mental health outpatient service from the CSB within seven calendar days after discharge.
3. **Monitoring:** The Department shall monitor this measure through comparing CCS 3 data on individuals receiving local inpatient services funded through LIPOS, otherwise purchased, or managed (e.g., free bed days included in LIPOS contracts) by the CSB and the next date on which those individuals received mental health outpatient services after the end date for the inpatient services and work with the CSB to achieve this benchmark if it did not meet it.

B. Continuity of Care for State Hospital Discharges

1. **Measure:** Percent of individuals for whom the CSB is the identified case management CSB who keep a face-to-face (non-emergency) mental health outpatient service appointment within seven calendar days after discharge from a state hospital.
2. **Benchmark:** **At least 80 percent** of these individuals shall receive a face-to-face (non-emergency) mental health outpatient service from the CSB within seven calendar days after discharge.
3. **Monitoring:** The Department shall monitor this measure through comparing AVATAR data on individuals discharged from state hospitals to the CSB with CCS 3 data about their dates of mental health outpatient services after discharge from the state hospital and work with the CSB to achieve this benchmark if it did not meet it.

**FY 2019 AND FY 2020 COMMUNITY SERVICES PERFORMANCE CONTRACT
RENEWAL AND REVISIONS**

C. Residential Crisis Stabilization Unit (RCSU) Utilization

1. **Measure:** Percent of all available RCSU bed days for adults and children utilized annually.
2. **Benchmark:** The CSB that operates an RCSU shall ensure that the RCSU, once it is fully operational, achieves an annual average utilization rate of **at least 75 percent** of available bed days.
3. **Monitoring:** The Department shall monitor this measure using data from CCS 3 service records and CARS service capacity reports and work with the CSB to achieve this benchmark if it did not meet it.

D. Regional Discharge Assistance Program (RDAP) Service Provision

1. **Measure:** Percentage of the total annual state RDAP fund allocations to a region obligated and expended by the end of the fiscal year.
2. **Benchmark:** CSBs in a region shall **obligate at least 95 percent and expend at least 90 percent** of the total annual ongoing state RDAP fund allocations on a regional basis by the end of the fiscal year. The benchmark does not include one-time state RDAP allocations provided to support ongoing DAP plans for multiple years.
3. **Monitoring:** The Department shall monitor this measure using reports from regional managers and CARS reports. If CSBs in a region cannot accomplish this measure, the Department may work with the regional management group (RMG) and participating CSBs to transfer state RDAP funds to other regions to reduce extraordinary barriers to discharge lists (EBLs) to the greatest extent possible, unless the CSBs through the regional manager provide acceptable explanations for greater amounts of unexpended or unobligated state RDAP funds. See Exhibit C for additional information.

E. Local Inpatient Purchase of Services (LIPOS) Provision

1. **Measure:** Percentage of the total annual regional state mental health LIPOS fund allocations to a region expended by the end of the fiscal year.
2. **Benchmark:** CSBs in a region shall **expend at least 85 percent** of the total annual regional state mental health LIPOS fund allocations by the end of the fiscal year.
3. **Monitoring:** The Department shall monitor this measure using reports from regional managers and CARS reports. If CSBs in a region cannot accomplish this measure, the Department may work with the regional management group (RMG) and participating CSBs to transfer regional state mental health LIPOS funds to other regions to expand the availability of local inpatient psychiatric hospital services to the greatest extent possible, unless the CSBs through the regional manager provide acceptable explanations for greater amounts of unexpended regional state mental health LIPOS funds. See Exhibit H for additional information.

F. PACT Caseload

1. **Measure:** Average number of individuals receiving services from the PACT team during the preceding quarter.
2. **Benchmark:** The CSB that operates a PACT team shall serve **at least 75 percent** of the number of individuals who could be served by the available staff providing services to individuals at the ratio of 10 individuals per clinical staff on average (ref. 12VAC35-105- 1370 in the Department's licensing regulations) in the preceding quarter.
3. **Monitoring:** The Department shall monitor this measure using data from the CCS 3 consumer and service files and the PACT data system and work with the CSB to achieve

**FY 2019 AND FY 2020 COMMUNITY SERVICES PERFORMANCE CONTRACT
RENEWAL AND REVISIONS**

this benchmark if it did not meet it.

G. Provision of Developmental Enhanced Case Management Services

- 1. Measures:** Percentage of individuals receiving DD Waiver services who meet the criteria for receiving enhanced case management (ECM) services who:
 - a.** Receive at least one face-to-face case management service monthly with no more than 40 days between visits, and
 - b.** Receive at least one face-to-face case management service visit every other month in the individual's place of residence.
- 2. Benchmark:** The CSB shall provide the case management service visits in measures 1.a and b to **at least 90 percent** of the individuals receiving DD Wavier services who meet the criteria for ECM.
- 3. Monitoring:** The Department shall use data from CCS 3 consumer, type of care, and service files to monitor these measures and work with the CSB to achieve this benchmark if it did not meet it.

- II.** The CSB agrees to monitor the percentage of adults (age 18 or older) receiving developmental case management services from the CSB whose case managers discussed integrated, community-based employment with them during their annual case management individual supports plan (ISP) meetings. The Department agrees to monitor this measure through using CCS 3 data and work with the CSB to increase this percentage. Refer to State Board Policy (SYS) 1044 Employment First for additional information and guidance. Integrated, community-based employment does not include sheltered employment.
- III.** The CSB agrees to monitor the percentage of adults (age 18 or older) receiving developmental case management services from the CSB whose ISPs, developed or updated at the annual ISP meeting, contained employment outcomes, including outcomes that address barriers to employment. The Department agrees to monitor this measure through using CCS 3 data and work with the CSB to increase this percentage. Employment outcomes do not include sheltered employment or prevocational services.
- IV.** The CSB agrees to monitor and report data through CCS 3 about individuals who are receiving case management services from the CSB and are receiving DD Waiver services whose case managers discussed community engagement or community coaching opportunities with them during their most recent annual case management individual support plan (ISP) meeting. Community engagement or community coaching supports and fosters the ability of an individual to acquire, retain, or improve skills necessary to build positive social behavior, interpersonal competence, greater independence, employability, and personal choice necessary to access typical activities and functions of community life such as those chosen by the general population; it does not include community opportunities with more than three individuals with disabilities.
- V.** The CSB agrees to monitor and report data through CCS 3 about individuals who are receiving case management services from the CSB and are receiving DD Waiver services whose individual support plans (ISPs), developed or updated at the annual ISP meeting, contained community engagement or community coaching goals.
- VI. CSB Performance Measures:** The CSB and Department agree to use the CSB Performance Measures, developed by the Department in collaboration with the VACSB Data Management, Quality Leadership, and VACSB/DBHDS Quality and Outcomes Committees to monitor outcome and performance measures for CSBs and improve the CSB's performance on measures where the CSB falls below the benchmark. These performance measures include:

- F. initiation, engagement, and retention in substance use disorder services for adults and children who are 13 years old or older with a new episode of substance use disorder services.

The last five measures are defined in Appendix H of CCS 3 Extract Specifications Version 7.5.

Exhibit C: Regional Discharge Assistance Program (RDAP) Requirements

The Department and the CSB agree to implement the following requirements for management and utilization of all current state regional discharge assistance program (RDAP) funds to enhance monitoring of and financial accountability for RDAP funding, decrease the number of individuals on state hospital extraordinary barriers to discharge lists (EBLs), and return the greatest number of individuals with long lengths of state hospital stays to their communities.

1. The Department shall work with the VACSB, representative CSBs, and regional managers to develop clear and consistent criteria for identification of individuals who would be eligible for individualized discharge assistance program plans (IDAPPs) and acceptable uses of state RDAP funds and standard terminology that all CSBs and regions shall use for collecting and reporting data about individuals, services, funds, expenditures, and costs.
2. The CSB shall comply with the current Discharge Assistance Program Manual issued by the Department, which is incorporated into and made a part of this contract by reference and is available at the Internet link in Appendix L. If there are conflicts or inconsistencies between the manual and this contract, applicable provisions of this contract shall control.
3. All state RDAP funds allocated within the region shall be managed by the regional management group (RMG) and the regional utilization management and consultation team (RUMCT) on which the CSB participates in accordance with Appendices E and F of Core Services Taxonomy 7.3.
4. The CSB, through the RMG and RUMCT on which it participates, shall ensure that other funds such as Medicaid payments are used to offset the costs of approved IDAPPs to the greatest extent possible so that state RDAP funds can be used to implement additional IDAPPs to reduce EBLs.
5. On behalf of the CSBs in the region, the regional manager funded by the Department and employed by a participating CSB shall submit mid-year and end of the fiscal year reports to the Department in a format developed by the Department in consultation with regional managers that separately displays the total actual year-to-date expenditures of state RDAP funds for ongoing IDAPPs and for one-time IDAPPs and the amounts of obligated but unspent state RDAP funds.
6. The CSB and state hospital representatives on the RMG on which the CSB participates shall have authority to reallocate state RDAP funds among CSBs from CSBs that cannot use them in a reasonable time to CSBs that need additional state RDAP funds to implement more IDAPPs to reduce EBLs.
7. If CSBs in the region cannot obligate at least 95 percent and expend at least 90 percent of the total annual ongoing state RDAP fund allocations on a regional basis by the end of the fiscal year, the Department may work with the RMG and participating CSBs to transfer state RDAP funds to other regions to reduce EBLs to the greatest extent possible, unless the CSBs through the regional manager provide acceptable explanations for greater amounts of unexpended or unobligated state RDAP funds. This does not include one-time allocations to support ongoing DAP plans for multiple years.
8. On behalf of the CSBs in a region, the regional manager shall continue submitting the quarterly summary of IDAPPs to the Department in a format developed by the Department in consultation with regional managers that displays year-to-date information about ongoing and one-time IDAPPs, including data about each individual receiving DAP services, the amounts of state

RDAP funds approved for each IDAPP, the total number of IDAPPs that have been implemented, and the projected total net state RDAP funds obligated for these IDAPPs.

9. The Department, pursuant to sections 6.f and 7.g of this contract, may conduct utilization reviews of the CSB or region at any time to confirm the effective utilization of state RDAP funds and the implementation of all approved ongoing and one-time IDAPPs.

RENEWAL AND REVISIONS**

Exhibit E: Performance Contract Process

5-22-2019: The Department distributes the FY 2020 Letters of Notification to CSBs by this date electronically with enclosures that show tentative allocations of state and federal block grant funds.

06-12-19: The Department distributes the FY 2019 and FY 2020 Community Services Performance Contract, hereafter referred to as the FY 2020 Performance Contract, by this date electronically. An Exhibit D may list performance measures that have been negotiated with a CSB to be included in the contract. The Department's Office of Information Services and Technology (OIS&T) distributes the FY 2020 Performance Contract package software in the Community Automated Reporting System (CARS) to CSBs.

During June and July, CSB Financial Analysts in the Department's Office of Fiscal and Grants Management (OFGM) prepare electronic data interchange (EDI) transfers for the first two semi-monthly payments (July) of state and federal funds for all CSBs and send the transfers to the Department of Accounts.

07-10-19: The OIS&T distributes FY 2019 end of the fiscal year performance contract report software in CARS.

7-10-19: Exhibit A and other parts of the FY 2020 Performance Contract, submitted electronically in CARS, are due in the OIS&T by this date. Table 2 of the Performance Contract Supplement (also in CARS) shall be submitted with the contract.

07-31-19: CSBs submit their Community Consumer Submission 3 (CCS 3) consumer, type of care, service, diagnosis, and outcomes extract files for June to the sFTP folder in time to be received by this date.

8-7-2019: While a paper copy of the entire contract is not submitted, paper copies of the following completed pages with signatures where required are due in the Office of Management Services (OMS) by this date: signature pages of the contract body and Exhibit B, Exhibit D if applicable, Exhibit F (two pages), and Exhibit G. Contracts shall conform to Letter of Notification allocations of state and federal funds or amounts subsequently revised by or negotiated with the OMS and confirmed in writing and shall contain actual appropriated amounts of local matching funds. If the CSB cannot include the minimum 10 percent local matching funds in the contract, it shall submit a written request for a waiver of the matching funds requirement, pursuant to § 37.2-509 of the Code and State Board Policy 4010, to the OMS with its contract. This requirement also applies to end of the fiscal year performance contract reports if the reports reflect less than the minimum 10 percent local matching funds.

During July and August, CSB Financial Analysts prepare EDI transfers for payments 3 and 4 (August) of state and federal funds and send the transfers to the Department of Accounts.

During August and September, CSB Financial Analysts prepare EDI transfers for payments 5 and 6 (September) of state and federal funds for CSBs whose contracts were received by **08-07-19** and determined to be complete by **08-14-19** and, after the OMS Director authorizes their release, send the transfers to the Department of Accounts. Payments shall not be released without complete contracts, as defined in Exhibit E and item 1 of Exhibit I. For a CSB whose contract is received

**FY 2019 AND FY 2020 COMMUNITY SERVICES PERFORMANCE CONTRACT
RENEWAL AND REVISIONS**

after this date, EDI transfers for these two semi-monthly payments will be processed when the contract is complete and funds will be disbursed with the next scheduled payment.

08-14-19: CSBs submit their complete CCS 3 reports for total (annual) FY 2019 CCS 3 service unit data to the sFTP folder in time to be received by this date. This later date for final CCS service unit data allows the inclusion of all units of services delivered in that fiscal year that might not be in local information systems in July.

08-28-19: CSBs send complete FY 2019 end of the fiscal year performance contract reports electronically in CARS to the OIS&T in time to be received by this date.

OIS&T staff places the reports in a temporary data base for OMS and OFGM staff to access them. The OMS Director reviews services sections of the reports for correctness, completeness, consistency, and acceptability; resolves discrepancies with CSBs; and communicates necessary changes to CSBs. OFGM CSB Financial Analysts review financial portions of reports for arithmetic accuracy, completeness, consistency, and conformity with state funding actions; resolve discrepancies with CSBs; and communicate necessary changes to CSBs.

Once they complete their reviews of a CSB's reports, the OMS Director and OFGM CSB Financial Analysts notify the CSB to submit new reports reflecting only those approved changes to OIS&T. CSBs submit new reports to correct errors or inaccuracies no later than **09-14-2019**. The Department will not accept CARS report corrections after this date. Upon receipt, the process described above is repeated to ensure the new reports contain only those changes identified by OFGM and OMS staff. If the reviews document this, OMS and OFGM staff approves the reports, and OIS&T staff processes final report data into the Department's community services database.

Late report submission or submitting a report without correcting errors identified by the CARS error checking program may result in the imposition by the Department of a one-time, one percent reduction not to exceed \$15,000 of state funds apportioned for CSB administrative expenses. See Exhibit I for additional information.

08-31-19: CSBs submit their CCS 3 monthly consumer, type of care, service, diagnosis, and outcomes extract files for July to the sFTP folder in time to be received by this date.

09-30-19: Department staff complete reviews by this date of contracts received by the due date that are complete and acceptable. Contracts received after the due date shall be processed in the order in which they are received.

1. The OFGM analyzes the revenue information in the contract for conformity to Letter of Notification allocations and advises the CSB to revise and resubmit financial forms in Exhibit A of its contract if necessary.
2. The Offices of Adult Behavioral Health, Child and Family, and Developmental Services review and approve new service proposals and consider program issues related to existing services based on Exhibit A.
3. The OMS assesses contract completeness, examines maintenance of local matching funds, integrates new service information, makes corrections and changes on the service forms in Exhibit A, negotiates changes in Exhibit A, and finalizes the contract

**FY 2019 AND FY 2020 COMMUNITY SERVICES PERFORMANCE CONTRACT
RENEWAL AND REVISIONS**

for signature by the Commissioner. The OMS Community Director notifies the CSB when its contract is not complete or has not been approved and advises the CSB to revise and resubmit its contract.

4. The OIS&T receives CARS and CCS 3 submissions from CSBs, maintains the community services database, and processes signed contracts into that database as they are received from the OMS.

09-30-19: CSBs submit their CCS 3 monthly consumer, type of care, service, diagnosis, and outcomes extract files for August to the sFTP folder in time to be received by this date.

10-02-19: After the Commissioner signs it, the OMS sends a copy of the approved contract Exhibit A to the CSB with the signature page containing the Commissioner's signature. The CSB shall review this Exhibit A, which reflects all changes negotiated by Department staff; complete the signature page, which documents its acceptance of these changes; and return the completed signature page to the OMS Director.

During September and October, CSB Financial Analysts prepare EDI transfers for payments 7 and 8 (October) and, after the OMS Director authorizes their release, send the transfers to the Department of Accounts. Payment 7 shall not be released without receipt of a CSB's final FY 2019 CCS 3 consumer, type of care, service, diagnosis, and outcomes extract files by the due date. Payment 8 shall not be released without receipt of a CSB's complete, as defined in item 2.a. of Exhibit I, FY 2019 end of the fiscal year CARS reports by the due date and without a contract signed by the Commissioner.

During October and November, CSB Financial Analysts prepare EDI transfers for payments 9 and 10 (November), and, after the OMS Director authorizes their release, send the transfers to the Department of Accounts for CSBs whose complete CCS 3 submissions for the first two months of FY 2020 and the completed contract signature page were received from the CSB.

10-16-19: CSBs submit Federal Balance Reports to the OFGM in time to be received by this date.

10-31-19: CSBs submit CCS 3 monthly consumer, type of care, service, diagnosis, and outcomes extract files for September to the sFTP folder in time to be received by this date.

During November and December, CSB Financial Analysts prepare EDI transfers for payments 11 and 12 (December), and, after the OMS Director authorizes their release, send the transfers to the Department of Accounts. Payments shall not be released without receipt of September CCS 3 submissions.

11-30-19: CSBs submit their CCS 3 monthly consumer, type of care, service, diagnosis, and outcomes extract files for October to the sFTP folder in time to be received by this date.

12-04-19: A. CSBs that are not local government departments or included in local government audits send one copy of the audit report for the preceding fiscal year on all CSB operated programs to the Department's Office of Budget and Financial Reporting (OBFR) by this date. A management letter and plan of correction for deficiencies

**FY 2019 AND FY 2020 COMMUNITY SERVICES PERFORMANCE CONTRACT
RENEWAL AND REVISIONS**

must be sent with this report. CSBs submit a copy of C.P.A. audit reports for all contract programs for their last full fiscal year, ending on June 30th, to the OBFR by this date. For programs with different fiscal years, reports are due three months after the end of the year. Management letters and plans of correction for deficiencies must be included with these reports.

- B.** Audit reports for CSBs that are local government departments or are included in local government audits are submitted to the Auditor of Public Accounts by the local government. Under a separate cover, the CSB must forward a plan of correction for any audit deficiencies that are related to or affect the CSB to the OBFR by this date. Also, to satisfy federal block grant sub-recipient monitoring requirements imposed on the Department under the Single Audit Act, a CSB that is a local government department or is included in its local government audit shall contract with the same CPA audit firm that audits its locality to perform testing related to the federal Mental Health Services and Substance Abuse Prevention and Treatment Block Grants. Alternately, the local government's internal audit department can work with the CSB and the Department to provide the necessary sub-recipient monitoring information.

If the CSB receives an audit identifying material deficiencies or containing a disclaimer or prepares the plan of correction referenced in the preceding paragraph, the CSB and the Department shall negotiate an Exhibit D that addresses the deficiencies or disclaimer and includes a proposed plan with specific timeframes to address them, and this Exhibit D and the proposed plan shall become part of this contract.

During December CSB Financial Analysts prepare EDI transfers for payment 13 (1st January), and, after the OMS Director authorizes their release, send the transfers to the Department of Accounts for CSBs whose FY 2019 end of the fiscal year performance contract reports have been verified as accurate and internally consistent, per items 2.b. through d. of Exhibit I, and whose CCS 3 monthly extracts for October have been received. Payments shall not be released without verified reports and CCS 3 submissions for October.

Payments shall not be released without receipt of these monthly CCS 3 submissions and receipt of audit reports with related management letters and plans of corrections (A at 12-03-19) or sub-recipient monitoring information and plans of corrections (B at 12-03-19).

01-8-20: The OIS&T distributes FY 2020 mid-year performance contract report software in CARS.

01-31-20: CSBs submit their CCS 3 monthly consumer, type of care, service, diagnosis, and outcomes extract files for December to the sFTP folder in time to be received by this

date.

02-12-20: CSBs send complete mid-year performance contract reports and a revised Table 1 in Exhibit H to the OIS&T electronically in CARS within 45 calendar days after the end of the second quarter in time to be received by this date. OIT&S staff places the reports on a shared drive for OMS and OFGM staff to access them. The offices review and act on the reports using the process described for the end of the fiscal year reports. When reports are acceptable, OIS&T staff processes the data into the community services data base.

During late February, CSB Financial Analysts prepare EDI transfers for payment 17 (1st March), and, after the OMS Director authorizes their release, send the transfers to the Department of Accounts for CSBs whose monthly CCS 3 consumer, type of care, service, diagnosis, and outcomes extract files for December were received by the end of January; payments shall not be released without these monthly CCS 3 submissions.

Exhibit H: Regional Local Inpatient Purchase of Services (LIPOS) Requirements

The Department and the CSB agree to implement the following requirements for management and utilization of all regional state mental health acute care (LIPOS) funds to enhance monitoring of and financial accountability for LIPOS funding, divert individuals from admission to state hospitals when clinically appropriate, and expand the availability of local inpatient psychiatric hospital services.

1. All regional state mental health LIPOS funds allocated within the region shall be managed by the regional management group (RMG) and the regional utilization management and consultation team (RUMCT) on which the CSB participates in accordance with Appendices E and F of Core Services Taxonomy 7.3.

6. The Department, pursuant to sections 6.f and 7.g of this contract, may conduct utilization reviews of the CSB or region at any time to confirm the effective utilization of regional state mental health LIPOS funds.

1. It is the responsibility of the CSB to obtain and confirm the Department's approval of an extension of the due date within the time frames specified below. Failure of the CSB to fulfill this responsibility constitutes prima facie acceptance by the CSB of any resulting one-time reduction in state funds apportioned for administrative expenses.

If the CSB or BHA proposes employing the executive director or CEO above the middle of the salary range, the successful applicant shall meet the preferred qualifications in addition to the minimum qualifications in the Guidance. This review does not include Department approval of the selection or employment of a particular candidate for the position. Section 37.2-504 or § 37.2-605 of the Code requires the CSB or BHA to employ its executive director or CEO under an annually renewable contract that contains performance objectives and evaluation criteria. The CSB or BHA shall provide a copy of this employment contract to the HR for review and approval prior to employment of the new executive director or CEO or before the contract is executed.

The CSB shall provide a current position description and the advertisement for the position to the HR for review prior to the position being advertised pursuant to § 37.2-504 of the Code. Prior to employing the new executive director, the CSB shall provide a copy of the application and resume of the successful applicant to the HR for review and approval for adherence to minimum qualifications established by the Department pursuant to § 37.2-504. This review does not include Department approval of the selection or employment of a particular candidate for the position. While § 37.2-504 of the Code does not require an administrative policy CSB to employ its executive director under an annually renewable contract that contains performance objectives and evaluation criteria, the CSB should follow this accepted human resource management practice.

Disaster behavioral health assists with mitigation of the emotional, psychological, and physical effects of a natural or man-made disaster affecting survivors and responders. Disaster behavioral health support is most often required by Emergency Support Function No. 6: Mass Care, Emergency Assistance, Temporary Housing, and Human Services; Emergency Support Function No. 8: Health and Medical Services; and Emergency Support Function No. 15: External Affairs. The CSB shall:

The Disaster Behavioral Health Annex template shall address: listing behavioral health services and supports, internal to CSB and at other organizations in the community, available to localities during the preparedness, response, and recovery phases of a disaster or emergency event and designating staff to provide disaster behavioral health services and supports during emergency operations.

To implement this plan, the CSB shall:

1. Develop protocols and procedures for providing behavioral health services and supports during emergency operations;
2. Seek to participate in local, regional, and statewide planning, preparedness, response, and recovery training and exercises;
3. Negotiate disaster response agreements with local governments and state facilities; and

C. Federal Certification Regarding Lobbying for the Mental Health and Substance Abuse Block Grants: The CSB certifies, to the best of its knowledge and belief, that:

1. No federal appropriated funds have been paid or will be paid, by or on behalf of the CSB, to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.
2. If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this federal contract, grant, loan, or cooperative agreement, the CSB shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
3. The CSB shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, or cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 or more than \$100,000 for each failure.

III. Compliance with State and Federal Requirements

A. Employment Anti-Discrimination: The CSB shall conform to the applicable provisions of Title VII of the Civil Rights Act of 1964 as amended, the Equal Pay Act of 1963, Sections 503 and 504 of the Rehabilitation Act of 1973, the Vietnam Era Veterans Readjustment Act of 1974, the Age Discrimination in Employment Act of 1967, the Americans With Disabilities Act of 1990, the Virginians With Disabilities Act, the Virginia Fair Employment Contracting Act, the Civil Rights Act of 1991, regulations issued by Federal Granting Agencies, and other applicable statutes and regulations, including § 2.2-4310 of the Code. The CSB agrees as follows.

1. The CSB will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability, or other basis prohibited by federal or state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the CSB. The CSB agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
2. The CSB, in all solicitations or advertisements for employees placed by or on behalf

**FY 2019 AND FY 2020 COMMUNITY SERVICES PERFORMANCE CONTRACT

of the CSB, will state that it is an equal opportunity employer.

3. Notices, advertisements, and solicitations placed in accordance with federal law, rule, or regulation shall be deemed sufficient for the purpose of meeting these requirements.

B. Service Delivery Anti-Discrimination: The CSB shall conform to the applicable provisions of Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act of 1990, the Virginians With Disabilities Act, the Civil Rights Act of 1991, regulations issued by the U.S. Department of Health and Human Services pursuant thereto, other applicable statutes and regulations, and paragraphs 1 and 2 below.

1. Services operated or funded by the CSB have been and will continue to be operated in such a manner that no person will be excluded from participation in, denied the benefits of, or otherwise subjected to discrimination under such services on the grounds of race, religion, color, national origin, age, gender, or disability.
2. The CSB and its direct and contractual services will include these assurances in their services policies and practices and will post suitable notices of these assurances at each of their facilities in areas accessible to individuals receiving services.
3. The CSB will periodically review its operating procedures and practices to insure continued conformance with applicable statutes, regulations, and orders related to non-discrimination in service delivery.

Exhibit K: State Hospital Census Management Admission and Discharge Requirements

- 1. Admission-Related Requirements:** The CSB shall implement and adhere to the following procedures to meet these admission-related requirements and supplement procedures in the current Collaborative Discharge Protocols for Community Services Boards and State Hospitals, available at the Internet link in Exhibit L.
 - a. Notification of Admission:** Emergency services clinicians who perform pre-admission screening evaluations shall notify the CSB discharge planner of every admission to a state hospital within 24 hours of the issuance of the temporary detention order (TDO).
 - b. Documentation of Bed Search:** Emergency services clinicians shall make every effort to gain admission of an individual under a TDO to a private psychiatric hospital or an inpatient psychiatric unit of a general hospital before recommending admission to a state hospital. Emergency services clinicians shall complete the attached form or otherwise gather the information contained in the attached form including use of the same denial codes to document all contacts with private psychiatric hospitals or inpatient units about admission prior to seeking an admission to a bed of last resort in a state hospital. If the emergency services clinician seeks admission to a bed of last resort, the clinician shall transmit the completed form or the information contained in the attached form to the receiving state hospital with the preadmission screening evaluation form.
- 2. Discharge-Related Requirements:** The CSB shall implement and adhere to the following procedures to meet these discharge-related requirements and supplement procedures in the current Collaborative Discharge Protocols for Community Services Boards and State Hospitals.
 - a. Notification of Discharge Planning Personnel:** The CSB shall provide a list to the Director of Acute Care Services in the Department with the name of each CSB staff who provides discharge planning services for individuals in state hospitals, his or her role and title, and the FTE equivalency for the hours he or she spends in discharge planning. The CSB shall notify the Director of Acute Care Services whenever it makes changes to this list, including adjustments in the hours spent providing discharge planning.
 - b. List of Available Community Housing Resources:** The CSB, with the other CSBs in its region, shall implement and maintain a process for communicating and updating a list of available CSB and regional housing resources, including willing private providers, funded by the Department for individuals being discharged from state hospitals using a format provided by the Department. The CSB, with the other CSBs in its region, shall review and update this list at each regional discharge planning meeting to ensure that all resource options are explored for individuals who are ready for discharge or on the extraordinary barriers to discharge list.
 - c. Standardized Data Review:** The Department shall provide CSB executive directors and the regional manager with standardized data by the 16th of each month for the preceding month about each CSB and the region that includes the monthly bed use per 100,000 adults (18 - 64 years old) and older adults (65 years old plus). The CSB, with the other CSBs in its region, shall incorporate a review of this data in its regional discharge planning, mental health services council, emergency services council, and executive director meetings. Meeting minutes of each council or group shall reflect this review and any actions taken in response to it.
 - d. Resolution Process for Outstanding Issues:** In order to facilitate solution-oriented

**FY 2019 AND FY 2020 COMMUNITY SERVICES PERFORMANCE CONTRACT
RENEWAL AND REVISIONS**

communications and establish timely and effective problem solving processes, the CSB, with the other CSBs in its region, shall implement and maintain a bidirectional process with time frames and clearly defined steps for notification, discussion, and resolution of issues at the CSB, state hospital, regional, or Departmental levels.

3. Additional Discharge-Related Requirements for CSBs with an Average Daily State Hospital Census of More Than Eight Beds: The Department shall calculate each CSB's average daily census per 100,000 adults and older adults for individuals with the following admission legal statuses:

- civil temporary detention order (TDO), • court-mandated voluntary,
- civil commitment, • voluntary, and
- not guilty by reason of insanity with 48-hour unescorted community visit privileges.

If the CSB's bed use is at or below the established threshold of an average daily census of eight or less beds per 100,000 adults and older adults, the Department shall exempt it from the following additional requirements at the time of the quarterly review. If an exempt CSB's average monthly bed use for the prior quarter is above the established threshold, it will have a grace period of the next three months to reduce its bed use to the exemption threshold. If the exempt CSB is unsuccessful in meeting this threshold over this six-month period, it shall comply with the following additional requirements. During the third week of each quarter, the Department shall review each CSB's use of beds per 100,000 adults and older adults for the prior three months to determine if the CSB meets the exemption threshold for complying with the following requirements. State hospital actions related to these requirements are in *italics*.

a. Notification of Ready for Discharge (RFD) and Placement on the Extraordinary Barriers to Discharge List (EBL): All CSB staff involved in discharge planning shall use Cisco encryption to communicate about an individual in a state hospital who is RFD or is on the EBL. No communication about these individuals shall occur by facsimile or U.S. mail. The individual's CSB discharge liaison, the discharge liaison's immediate supervisor, the CSB behavioral health director or equivalent position, and the CSB executive director shall receive notification of the individual being determined to be RFD or on the EBL from the state hospital social worker within the timeframes described below.

1.) RFD Notification: *Every Wednesday, the state hospital social worker will use Cisco-encrypted email to provide notification of every individual who is RFD but will not be discharged within 72 hours of being found to be RFD.*

2.) EBL Notification: *Within one business day of an individual being placed on the EBL, the state hospital social worker will use Cisco-encrypted email to provide notification of the individual's placement on the EBL.*

b. Transportation Requirement: When transportation is the only remaining barrier to an individual's discharge, the CSB shall implement and maintain a process with the applicable state hospital for resolving transportation issues so that discharge occurs within 72 hours of the individual being determined to be RFD.

c. Referral Time Frame Requirements: The CSB shall implement and maintain a process for meeting the following referral requirements.

1.) CSB Mental Health Services and Housing: The state hospital treatment team will review the discharge needs for each of the services listed below in the development of an individual's comprehensive treatment plan. If referrals for these services are needed for

As soon as a supervised ALF setting is being considered for an individual in a state hospital, the CSB shall obtain releases from the individual or his or her substitute decision maker in order to contact potential ALFs and begin initial contacts regarding bed availability and willingness to consider the individual for placement. The CSB shall start this process prior to the individual being determined to be RFD.
- c.) The state hospital will complete the uniform assessment instrument (UAI) within five business days of the individual being found to be at Discharge Ready Level 2
