RFP SPECIFICATIONS
FOR A&E SERVICES – SCS SHELBURNE-OPERATIONS PROJECT

I. INTRODUCTION

Staunton City Schools (SCS), a Virginia public school division located in Staunton, Virginia, is seeking proposals from qualified and properly licensed architectural and engineering firms for the full range of architectural and engineering services including, but not limited to, all phases of design and construction (schematic design phase, design development phase, construction documents phase, bidding, negotiation and design compliance phase, and construction contract administration phase), and additional services as needed for the design related to the building expansion, renovation, and building and site improvements of the existing middle school, and for operations facilities for the Staunton City Schools Transportation and Maintenance Departments. (Project).

SCS also reserves the right to complete, at any time during this Project, any portion(s), phases(s), or aspect(s) of the Project itself or by using more than one architectural and/or engineering firm during any portion(s), phases(s), or aspect(s) of the Project. SCS may exercise its rights hereunder without having to reissue a RFP.

II. COMPETITIVE NEGOTIATION

The procurement method is competitive negotiation of professional services, in accordance with the Code of Virginia § 2.2-4302.2. This RFP indicates, in general terms, the nature of the program and services being sought for the Project. Each Offeror is to submit the proposal(s) that an Offeror believes would best suit the needs of SCS for this Project.

The specific requirements for the contents of the proposals are contained in this RFP. Offerors are encouraged to provide additional information not specifically identified as a requirement if that additional information enables the proposal to better suit the needs of SCS for this Project.

III. DESCRIPTION OF WORK

Project will consist of overlapping phases of work that will include schematic design, design development, construction documents, bidding negotiation, design compliance, construction contract administration, and additional services as needed for all phases of work related to the building expansion and renovation of Shelburne MS, even during school times, and the new construction of off-site facilities for SCS' Transportation and Maintenance Departments.

SCS has determined the need to renovate and expand the Shelburne Middle School facility. Objectives include expansion of available learning space to increase the amount of collaborative space, improve the school's ability to socially distance students and modify/renovate the school's CTE classroom area. The design concept will include aspects of 21st century learning education environment design concepts and energy efficiency. A portion of the CTE classroom area at Shelburne is occupied currently by the SCS Maintenance Department.

Furthermore, SCS seeks to acquire and develop real property in the City of Staunton where it will relocate both the SCS Maintenance and Transportation Departments operations facilities. SCS envisions a centralized facility that would include modern/modernized workshops and storage for the school's tradesmen and maintenance staff, a garage for performing routine maintenance on school buses and other vehicles, a warehouse for surplus school supplies, furniture and equipment, cold & dry storage for school food service inventory, offices and common area for Maintenance & Transportation Department employees, and classrooms for training employees and/or teaching students. Parking for employees, visitors, school buses and other vehicles is required. Covered parking is required for the school's maintenance vehicles and equipment.

This Project is being funded in-part with Federal ARP ESSER funds. ARP ESSER funds are made available to SCS under certain conditions, which the offerors must take into consideration with respect to their proposed services. These conditions include, among others, deadlines for the obligation and liquidation of funds and federal procurement regulations.

All offerors are expected to perform an independent evaluation to address SCS needs and to recommend modern/modernized building and facilities improvements and educational design concepts.

IV. SCOPE OF SERVICES

- A. The successful offeror shall perform a building assessment of the current middle school facilities and determine and recommend the building infrastructure needs, improvements, and educational programming design concepts.

- into flexible CTE/Technology labs with the ability to open the walls for class collaboration.
- c. SCS desires for the space to include new windows/doors and overhead door openings, new interior walls, durable finishes, and upgraded mechanical, electrical and plumbing systems. An elevator and a larger vertical connection is desired from the first floor to the ground floor.
 - d. Demolition of the stage in the cafeteria is desired to create additional seating capacity in the dining room.
 - e. Any additional renovations or demolitions as needed and approved by SCS.
2. **Phase II** – Phase II encompasses the expansion of the existing middle school and will include the following:

V. GENERAL REQUIREMENTS

To be considered for selection, offerors must submit a complete response to this RFP. Failure to submit all information requested may result in the rejection of the incomplete proposal.

Offerors must address and provide each item in Scope of Services. Offerors shall respond to each item individually with "agreed", "will comply" or provide a satisfactory explanation of any variance from the request. Such variance(s), in themselves, will not eliminate the proposal from consideration, but will be evaluated along with consideration of other selection criteria. Contract Provisions for Non-Federal Entity Contracts Under Federal Awards

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

1. Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by *41 U.S.C. 1908*, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.
2. All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-federal entity including the manner by which it will be affected and the basis for settlement.
 - a. **Termination for Convenience.** Contract is terminated due to reasons known to SCS, i.e., program changes, changes in state-of-the art equipment or technology, insufficient funding, etc. Termination is utilized when the contractor is not in violation of the contract terms and conditions.
 - b. **Termination for Cause.** Contract is terminated due to actions by the contractor, i.e., failure to perform, financial difficulty, slipped schedules, etc. In certain instances, termination settlement may include re-procurement costs to be paid by the contractor.
3. Equal Employment Opportunity. Except as otherwise provided under *41 CFR Part 60*, all contracts that meet the definition of “federally assisted construction contract” in *41 CFR Part 60-1.3* must include the equal opportunity clause provided under *41 CFR 60-1.4(b)*, in accordance with Executive Order 11246, “Equal Employment Opportunity” (*30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339*), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at *41 CFR part 60*, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”
4. Davis-Bacon Act, as amended (*40 U.S.C. 3141-3148*). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (*40 U.S.C. 3141-3144, and 3146-3148*) as supplemented by Department of Labor regulations (*29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”*). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (*40*

U.S.C. 3145), as supplemented by Department of Labor regulations (*29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”*). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

5. Contract Work Hours and Safety Standards Act (*40 U.S.C. 3701-3708*). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with *40 U.S.C. 3702* and *3704*, as supplemented by Department of Labor regulations (*29 CFR Part 5*). Under *40 U.S.C. 3702* of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of *40 U.S.C. 3704* are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.
6. Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of “funding agreement” under *37 CFR § 401.2 (a)* and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of *37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,”* and any implementing regulations issued by the awarding agency.
7. Clean Air Act (*42 U.S.C. 7401-7675*) and the Federal Water Pollution Control Act (*33 U.S.C. 1251-1388*), as amended - Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (*42 U.S.C. 7401-7675*) and the Federal Water Pollution Control Act as amended (*33 U.S.C. 1251-1388*). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).
8. Debarment and Suspension (Executive Orders 12549 and 12689) - A contract award (*see 2 CFR 180.220*) must not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at *2 CFR 180* that implement Executive Orders 12549 (*3 CFR part 1986 Comp., p. 189*) and 12689 (*3 CFR part 1989 Comp., p. 235*), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.
9. Byrd Anti-Lobbying Amendment (*31 U.S.C. 1352*) - Contractors that apply or bid for an

award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. 11. To the extent that a procurement award or transaction for goods or services under this purchase order or other contract is funded with federal funds under COVID-related Elementary and Secondary School Emergency Relief (ESSER) II/III, Secondary School Emergency Relief (SSER), or Governor's Emergency Education Relief programs, the successful bidder or proposer or awardee must comply with the federal domestic preference for procurements requirements of the federal regulations prescribed in Section 200.322 of Title 2 of the Code of Federal Regulations (CFR). The successful bidder or proposer or awardee certifies that any contracts, as well as any subcontracts, shall include this requirement, which mandates that to the greatest extent practicable there shall be a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). Definition of the terms "produced in the United States" and "manufactured products" made be found in the CFRS at: Electronic Code of Federal Regulations (eCFR) or successor url. PROCUREMENT GUIDELINES

A. CHARGES AND PAYMENTS

1. To Prime Contractor:

- a. Invoices for items ordered, delivered and accepted shall be submitted by the contractor directly to the payment address shown on the purchase order/contract. All invoices shall show the purchase order number.
- b. Any payment terms requiring payment in less than 30 days will be regarded as requiring payment 30 days after satisfactory invoice or delivery, whichever occurs last. This shall not affect offers of discounts for payment in less than 30 days, however.
- c. All goods or services provided under the contract, which are to be paid for with public funds, shall be billed by the contractor at the contract price, regardless of which public agency is being billed.
- d. The following shall be deemed to be the date of payment: the date of postmark in all cases where payment is made by mail, or the date of offset when offset proceedings have been instituted as authorized under the Virginia Debt Collection Act.
- e. Unreasonable Charges. Under certain emergency procurements and for most time and material purchases, final job costs cannot be accurately determined at the time orders are placed. In such cases, contractors should be put on notice that final payment in full is contingent on a determination of reasonableness with respect to all invoiced charges. Charges which appear to be unreasonable will be researched and challenged, and that portion of the invoice held in abeyance until a settlement can be reached. Upon determining that invoiced charges are not reasonable, SCS shall promptly notify the contractor, in writing, as to those charges which it considers unreasonable and the basis for the determination. A contractor may not institute legal action unless a settlement cannot be reached within thirty (30) days of notification. The provisions of this section do not relieve City of Staunton of its prompt payment obligations with respect to those charges which are not in dispute (Code of Virginia, § 2.2-4363).

2. Payment to Subcontractors:

An offeror awarded a contract under this solicitation is hereby obligated:

- a. To pay the subcontractor(s) within thirty (30) days of the offeror's receipt of payment from SCS for the proportionate share of the payment received for work performed by the subcontractor(s) under the contract; or
- b. To notify the agency and the subcontractor(s), in writing, of the offeror's intention to withhold payment and the reason.
- c. The offeror is obligated to pay the subcontractor(s) interest at the rate of one percent per month (unless otherwise provided under the terms of the contract) on all amounts owed by the offeror that remain unpaid thirty (30) days following receipt of payment from SCS, except for amounts withheld as stated in (b) above. The date of mailing of any payment by U.S. Mail is deemed to be payment to the addressee. These provisions apply to each sub-tier contractor performing under the primary contract. An offeror's

obligation to pay an interest charge to a subcontractor may not be construed to be an obligation of SCS.

B. TESTING AND INSPECTION

SCS reserves the right to conduct any test/inspection it may deem advisable to assure goods and services conform to the specifications.

C. ASSIGNMENT OF CONTRACT

A contract shall not be assignable by the offeror in whole or in part without the written consent of SCS.

D. DEFAULT

In case of failure to deliver goods or services in accordance with the contract terms and conditions, SCS, after due oral or written notice, may procure them from other sources and hold the offeror responsible for any resulting additional purchase and administrative costs. This remedy shall be in addition to any other remedies which SCS may have.

E. TAXES

Sales to SCS are exempt from State sales tax. State sales and use tax certificates of exemption, Form ST-12, will be issued upon request, as SCS determines appropriate. Any deliveries under this contract shall be free of Federal excise and transportation taxes.

F. INDEMNIFICATION

The Offeror agrees to indemnify, defend, and hold harmless SCS and its Council members, officers, directors, agents and employees against any and all claims, liabilities, losses, damages, costs and expenses (including reasonable attorney fees) arising out of, or resulting from any and all injuries to persons or damage to property or intellectual infringement claim arising out of services performed hereunder or by reason of the intentional or negligent acts or omissions of the Offeror, its employees, agents or sub-contractors, including any independent contractors. The provisions of this section of shall survive the completion, termination or expiration of the contract.

Any provision(s) in the Contract contrary to these statements is/are hereby deleted and rendered void.

H. COPYRIGHTS

The Offeror hired pursuant to this contract is prohibited from copyrighting any papers, interim reports, forms, or other materials resulting from performance under the Contract without the written permission of SCS. Data and their analysis, forms, and images gathered or developed during fulfillment of this Contract may be used by the Offeror in subsequent copyrighted

publications, provided the copyrights do not in any way restrict or limit SCS's ownership, use, or distribution of said information, forms, or images.

I. CONTRACT CONDITIONS

J. AWARDING THE CONTRACT

The award of a contract shall be determined in the sole discretion of SCS based upon evaluation of all information as SCS may request. SCS reserves the right to waive any informality in proposals submitted in response to this RFP when such waiver is in the best interest of SCS.

The evaluation process shall be based upon the criteria identified in Section VI Item B of this Request for Proposal. SCS shall engage in individual discussions with two or more offerors deemed fully qualified, responsible and suitable on the basis of initial responses and with emphasis on professional competence, to provide the required services. Repetitive informal interviews shall be permissible. The offerors shall be encouraged to elaborate on their qualifications and performance data or staff expertise pertinent to the proposed Project, as well as alternative concepts.

The Request for Proposal shall not, however, request that offerors furnish estimates of man-hours or cost for services. At the discussion stage, SCS may discuss nonbinding estimates of total Project costs, including, but not limited to, life-cycle costing, and where appropriate, nonbinding estimates of price for services. Proprietary information from competing offerors shall not be disclosed to the public or to competitors.

At the conclusion of discussion, outlined herein, on the basis of evaluation factors published in the Request for Proposal and all information developed in the selection process to this point, SCS shall select in the order of preference two or more offerors whose professional qualifications and proposed services are deemed most meritorious.

Negotiations shall then be conducted, beginning with the offeror ranked first. If a contract satisfactory and advantageous to SCS can be negotiated at a price considered fair and reasonable, the award shall be made to that offeror. Otherwise, negotiations with the offeror ranked first shall be formally terminated and negotiations conducted with the offeror ranked second, and so on until such a contract can be negotiated at a fair and reasonable price. Should SCS determine in writing and in its sole discretion that only one offeror is fully qualified, or that one offeror is clearly more highly qualified and suitable than the others under consideration, a contract may be negotiated and awarded to that offeror.

SCS shall endeavor to award the contract within thirty (30) days from receipt of proposals. Notice of award will be posted on the City of Staunton's Web Site at <http://www.staunton.va.us/solicitation-results>

K. PUBLIC INSPECTION OF PROCUREMENT RECORDS

1. Proposals submitted shall be subject to public inspection only in accordance with Section 2.2-4342 of the Code of Virginia, which reads, in essence, as follows:
2. Public inspection of certain records:
 - a. Except as provided in this section, all proceedings, records, contracts, and other public records relating to procurement transactions shall be open to the inspection of any citizen, or any interested person, firm or corporation, in accordance with the Virginia Freedom of Information Act.
 - b. Cost estimates relating to a proposed procurement transaction prepared by or for a public body shall not be open to public inspection.
 - c. Any competitive negotiation offeror, upon request, shall be afforded the opportunity to inspect proposal records within a reasonable time after the evaluation and negotiations of proposals are completed but prior to award, except in the event that SCS decides not to accept any of the proposals and to reopen the contract. Otherwise, proposal records shall be open to public inspection only after award of the contract.
 - d. Any inspection of procurement transaction records under this section shall be subject to reasonable restrictions to ensure the security and integrity of the records.
 - e. Trade secrets or proprietary information submitted by a bidder, offeror or contractor in connection with a procurement transaction shall not be subject to the Virginia Freedom of Information Act; however, the bidder, offeror or contractor shall:
 - i. invoke the protections of this section prior to or upon submission of the data or other materials,

Offerors are cautioned this is a Request for Proposal, NOT a request to contract.

P. COSTS FOR BID PREPARATION

Any costs incurred by offerors in preparing or submitting bids are the offeror's sole responsibility; SCS will not reimburse any offeror for any costs incurred as a result of the preparation of this Request for Proposal.

Q. APPROPRIATIONS

The obligations of SCS are subject to and contingent upon annual appropriation by City Council of sufficient funds for the purposes of this contract. SCS may terminate this contract without cause in the event funds are not appropriated.

Part of the consideration will be the capability of the Offeror to immediately begin work and meet the proposed timetable above.

SCS reserves the right to negotiate the Agreement, to include any portion or portions of the services covered by this RFP, and to reject any and all Bids in total or by components.

The contractor shall not assign or transfer any interest in the contract without prior written consent of SCS.

Y. COMPENSATION AND RECORD KEEPING
