

STAUNTON

RECREATION & PARKS

The Trails at Montgomery Hall Park contain many natural and man-made hazards. Wet and windy conditions will intensify hazards already present on the trails and in the nature area. Please use CAUTION and JUDGEMENT when determining what to ride and walk. Please remember, your SAFETY is your RESPONSIBILITY

Montgomery Hall Park Trails

- Yulee Trail
- Scout Trail
- MHP Expressway
- Walking
- Trail Connector Point

Elevation Profile: Yulee Trail

Yulee Trail Distance .957 miles

Elevation Profile: Scout Trail

Scout Trail Distance 1.313 mi

Elevation Profile: MHP Expressway

MHP Expressway Distance 2.666 mi

The above trail elevation profiles require a defined "Starting Point" and "Ending Point". There are however no formal Starting or Ending points.

For the purpose of properly interpreting the Profile Graphs please see below:

- * The "Starting Point" for the Yulee Trail is Trail Entrance 1 and the "Ending Point" for the Yulee Trail is Trail Entrance 2.
- * The "Starting Point" for the Scout Trail is Trail Entrance 2 and the "Ending Point" for the Scout Trail is Trail Entrance 3
- * The "Starting Point" for the MHP Expressway is Trail Entrance 1 and the "Ending Point" for the MHP Expressway is Trail Entrance 3

Trail Entrance

- ◆ 1
- ◆ 2
- ◆ 3

The trails were designed by the Queen City Cycling Club under the direction of Mark Russell and James Burris and built by Staunton Park and Recreation Maintenance Division

Helmets are recommended and REQUIRED BY LAW for all riders under 14 years of age
