

PUBLIC NOTICE

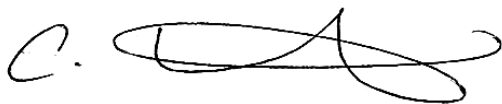

SOLE SOURCE PROCUREMENT

June 5, 2023

The City of Staunton Traffic Signal Division has decided to award a sole source award to MoboTrex for the purchase of Siemens, Yunex, and Iteris traffic signal components and software. Siemens, Yunex, and Iteris traffic components and software are currently used in many of the signals used in the City, and these purchases will continue the goal of uniformity throughout the City. MoboTrex is the only authorized reseller of Siemens, Yunex, and Iteris traffic signal products in the Commonwealth of Virginia.

The City of Staunton intends, therefore, to enter into a contract with MoboTrex immediately to provide these components.

Respectfully submitted,

Chad Horvat
Finance Business Manger
