

DEPARTMENT OF FINANCE

Network Cabling Services

Addenda # 1

RFP # I00123

To: All Potential Offerors
Date: September 20, 2023
Subject: Addendum #1 to RFP #I00123 dated September 7, 2023
Title: Network Cabling Services

Questions & Answers

Addendum #1 is issued to address the following **Questions & Answers**:

1. **Is this a one-time, one-job contract?**
This will be an “as needed, on-call” style contract.
2. **Concerning the qualifications required in section 2.3.2, which states "Contractor must employ at least one currently registered BICSI (or equivalent) certificated technician having documented experience with structured cabling."**

We have a member of our team who completed the testing to obtain certification through the Virginia Department of Occupational Resources (DPOR) to operate as ACOM's Qualified Individual in order to obtain ACOM's Class A Contractor's License with an Electronic Communications System specialty. To qualify and obtain the license, our team member had to prove he had a minimum of 5 years of experience in low voltage wiring and pass four written tests administered by the DPOR.

Is this certification a sufficient equivalent?

If not, would you be able to provide other comparable certifications that would be acceptable to the City?

We would consider this certification as acceptable. Please make sure to explain this in your response.

Note: A signed acknowledgement of this addendum must be received by this office prior to the due date and time, or must be attached to your bid. Signature on this addendum does not constitute signature on the original bid document. The original bid document must also be signed per bid instructions.
