

Gypsy Hill Park Pool Summer 2025 Facility Plan

Annual Facility Inspection

- Contacted building inspectors to conduct inspection of the facility
- Upon completion of inspection the following were identified as areas of concern for the 2025 swim season:
 - 1). Rear staircase from deck to pool level - *UNUSABLE*
 - 2). Women's restroom - *UNUSABLE*
 - 3). Patio area directly in front of rear staircase – *LIMITED USE*

Rear Staircase

Basement Ceiling Under Women's Restroom

Rear Patio

Solutions to Remain Open for 2025 Pool Season

- Men's restroom is still usable. We will re-title it "Womens" restroom. Changing stalls from old women's restroom will be relocated to this space
- Ticket booth and main entry still available
- Handicap ramp will be used to access pool deck
- Install signage for traffic flow
- Rent an ADA accessible multi-restroom trailer for the season
- Porta-johns may be utilized
- Install temporary handwashing and outdoor rinse stations
