- 1. The packet includes a bid bond form. It doesn't, however, include the percentage required for the bid bond?**

A: The required bid bond is 5% of the total bid price submitted.

- 2. The bid calls for product data and samples to be submitted with the bid. Do you really want that info with the bid?**

A: The product data and samples must be included with the bid package or hand delivered to the bid opening.

- 3. I am assuming you want a 10-year manufacturer's warranty based on the amount of coating being specified, but I don't see the duration specified?**

A: The bid document does not state a specific warranty timeframe, Staunton City Schools would request the best possible warranty given the material specifications provided.
