SCIENCE LABS— FIRST FLOOR

A wide-angle photograph of a construction site for a second-floor main corridor. The floor is covered with corrugated metal decking, and a grid of steel reinforcement bars (rebar) is laid out across it. Several construction workers in high-visibility vests and hard hats are standing on the right side of the frame. A concrete pump truck with a long, articulated red boom is positioned on the right, extending over the work area. In the background, there are concrete walls and a line of trees under a cloudy sky. The image is divided into three sections by white text boxes: 'ENGLISH CLASSROOMS' on the left, 'SS CLASSROOMS' on the right, and 'MAIN CORRIDOR- SECOND FLOOR' at the bottom.

ENGLISH CLASSROOMS

SS CLASSROOMS

MAIN CORRIDOR- SECOND FLOOR
