

CENTRAL AVENUE STREETScape IMPROVEMENTS

VDOT Project No.: SLEN-132-104, C501, P101, R201

FHWA No.: SLU-5132(153)

UPC: 80485

ADDENDUM NO. 2

October 14, 2019

This Addendum consists of this cover sheet and the applicable contract document sections noted below as well as the Bidder's DBE Obligations (Locally Administered Projects) Requirements. This information shall modify the Contract Documents and Plans and should be attached to the same.

Item #1 Below are questions and answers from the Pre-Bid Meeting held on October 3, 2019 at 2:00 p.m.

- a. Can you provide a list of plan holder? **We do not track therefore we cannot provide.**
- b. Will consideration be given due to utility delays? Concerns were expressed regarding ordering light poles. **There are 360 working days to fully complete the project. See No. 2 of Special and Supplemental Conditions and the note the following: "Within two weeks of notice to proceed date, the contractor shall provide a detailed schedule." The schedule will be essential to utility relocation coordination. The City has shared plans with the utility companies, and will help facilitate coordination with the Utility Companies, but scheduling and coordinating the work is the responsibility of the Contractor.**
- c. Concerns were expressed regarding coordinating with utility companies and performing work as a subcontractor. **It is up to the prime Contractor to carefully coordinate and schedule activities required by utility companies and subcontractors. The City will facilitate as much as possible, but scheduling and coordinating the work is the responsibility of the Contractor.**
- d. There is a considerable amount of pavers for this project. Will there be a storage lot/area provided by the city? **The city will not provide a storage yard for materials. It will be the contractor's responsibility to store all materials.**
- e. Melissa Lotts with VDOT reviewed the DBE requirements and provided some information to the attendees. This information is attached. The DBE forms required to be submitted with the bid package are provided in the Bid Proposal and Contract Documents.

- f. Michael Fulcher with VDOT briefly confirmed and reiterated the Buy American Policy. **Please see Bid Proposal and Contract Documents SP102-000510-02 Use of Domestic Materials pages LACF 39-40.**
- g. **Normal working hours are 7:00 a.m. to 7:00 p.m. Prior approval from the City Engineer is required to perform construction work outside these hours.**

BIDDERS' DBE OBLIGATIONS

Locally Administered Projects

All bidders must submit the following completed forms with their bid packages:

Form C-III, Minimum DBE Requirements. This form identifies all DBEs to participate in the project, regardless of their percent of participation.

Form C-112, Certification of Binding Agreement. The successful bidder on a construction contract is required to submit this form within two (2) business days after the bids have been opened and the determination of apparent lowest bidder.

Form C-48, Subcontractors/Supplier Solicitation and Utilization. It is a requirement that all vendors, both primes and DBEs who intend to submit a bid as a prime, submit this form in detail. This form must be submitted within ten (10) days of a bid opening.

Form C-49, DBE Good Faith Efforts. If, at the time of submitting the bid, the bidder knowingly cannot meet or exceed the required DBE contract goal, the bidder shall submit Form C-49 within two (2) business days after the bid opening.

Forms C-48, C-49, C-111, and C-112 may be printed from the VDOT website at <http://vdotforms.vdot.virginia.gov>

For additional information, contact:
