**Census 2020:**

The 2020 Census will ask a few simple questions about you and everyone who is, or was, living with you on April 1, 2020. The results of the 2020 Census will help determine how hundreds of billions of dollars in federal funding flow into communities every year for the next decade. That funding shapes many different aspects of every community, no matter the size, no matter the location. Keep in mind, the census will never ask for your social security number, bank account, or credit card numbers.
