

## Improvements

The Central Avenue Streetscape improvements will extend the historic streetscape character from the downtown area along the Central Avenue corridor. Improvements will include:

### CENTRAL AVENUE *Streetscape*

- Installation of approximately 3,000 linear feet of brick sidewalk
- Installation of 11 new brick crosswalks
- Repaving of approximately 1,500 linear feet of roadway
- Installation of 34 new historic-style street lamps
- Traffic safety improvements
- Burial of electric and communication cables
- Landscaped "bumpouts"
